GRAND PRIX DRIVER is a 3D Arcade style game of skill, written in high speed machine code for superb graphics and action packed reality.

The program contains all the thrills and spills of the Formula One race track, putting you in the driver's seat of a powerful racing car. If you are to win you will need to judge your speed accurately so as to avoid hitting your competitors car or running off the track!

Full instructions on how to play this game will appear on the screen when the program has loaded.
