Safety Information

About Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures.

The risk of photosensitive epileptic seizures may be reduced by sitting farther from the television screen, using a smaller television screen, playing in a well-lit room, and not playing when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

Other Important Health and Safety Information The Xbox Instruction Manual contains important health and safety information that you should read and understand before using this software.

Avoid Damage to Your Television

Do not use with certain televisions. Some televisions, especially front- or rear-projection types, can be damaged if any video games, including Xbox games, are played on them. Static images presented during the normal course of gameplay may "burn in" to the screen, causing a permanent shadow of the static image to appear at all times, even when video games are not being played. Similar damage may occur from static images created when placing a video game on hold or pause. Consult your television owner's manual to determine if video games can be played safely on your set. If you are unable to find this information in the owner's manual, contact your television dealer or the manufacturer to determine if video games can be played safely on your set.

Unauthorized copying, reverse engineering, transmission, public performance, rental, pay for play, or circumvention of copy protection is strictly prohibited.

Boog

Elliot

INTRODUCTION

Boog, a friendly 900-pound grizzly bear, lives with Park Ranger Beth in the town of Timberline. The domesticated bear spends his days performing in Beth's wilderness show, riding in her truck, and sleeping comfortably in her garage. Boog lives the good life — until a pesky, but fun-loving, one-horned mule deer named Elliot comes into his life and changes it forever.

Elliot gets Boog into some trouble, which forces Beth to send them both to the forest for good. Boog's lost in the wilderness and to make matters worse, he and Elliot suddenly realize that hunting season is now open!

All Boog wants to do is get back to his comfy garage in Timberline, and to do so, he must now learn to make friends with the other animals and get their help to scare away that crazy Shaw and the other hunters. Help Boog become a wild grizzly bear so he and Elliot can defeat Shaw and return the forest to nature's control!

THE CHARACTERS

Boog

Boog is the reluctant hero of *Open Season*™. This 900-pound bear wants nothing more than to continue living in the tranquil town of Timberline with his friend Ranger Beth, who rescued him as a cub. Boog is really comfortable living around humans and is the main attraction of the local nature show. He has absolutely no wildlife skills and would be at a complete loss if he ever had to “rough it” in the woods.

Elliot

Elliot is a pesky, fast-talking mule deer who arrives in Timberline missing an antler and strapped to the hood of a truck — thanks to the fanatical hunter Shaw. As the runt of the forest, Elliot comes across as a pest, but all he really wants is to be accepted. After he persuades Boog to untie him, their lives are changed forever.

Beth

Beth is a kind, good-natured park ranger who loves animals. She's the one who found Boog as a small cub and raised him.

Gordy

Gordy is the town sheriff and Beth's friend. He likes Boog, but feels that animals belong in the wild, not in Beth's garage.

Shaw

Shaw is a mean and pitiless hunter who thinks hunting should be allowed anytime and anywhere. He is the scariest hunter in the forest and perhaps more than a little crazy.

McSquizzy

A Scottish Highland rebel, he's the leader of the Furry Tail Clan and the Guardian of the Pine. While all the squirrels are fiercely protective of their trees, nobody messes with McSquizzy.

Rosie and Maria

Don't tangle with these two ladies. If you dare to be around them, watch out, because they've got hot tempers and a sassy comeback every time. Cross their path and you'll get a stinky surprise!

Giselle

A beautiful mule deer who renders Elliot speechless, Giselle is the shining star of the forest's herd. Quick-witted and strong-willed, she puts up with Ian but secretly has a soft spot for runty Elliot and will try and help him — if nobody is watching!

Ian

Ian is a big, strong, and good-looking leader of the deer herd. He's proud of the lame jokes he makes. As the herd's alpha male, he picks on Elliot every chance he gets.

8

9

Serge

Serge is the leader of the traumatized duck squadron. These ducks just can't take being shot at anymore and refuse to fly. It's rumored they talk with a secret code.

Reilly

The construction foreman of the forest, Reilly the beaver is an extreme perfectionist who takes great pride in the building of his dam. He is a thorough worker who gets the job done come heck or high water — and has plenty to say when Boog messes up his work.

Miss Feathers

The Wild Skills teacher has been educating the creatures of the forest for generations. Boog is the oldest student she has ever had, but Elliot was the most trouble.

Buddy

It's difficult to get close to someone with so many quills, which is sad because this loner is in constant search of a hug. He doesn't understand that he's downright painful to be around.
