The Tale of Kid Icarus

Let us go back to the distant past to an age when the Gods and Man lived together in harmony. There was once a kingdom called "Angel Land." This kingdom was ruled by two beautiful goddesses, Palutena who

administered light and Medusa who ruled darkness. Palutena lived in the Palace in the Sky and administered light so that man

could live in happiness. And bathed in this light man grew food and lived in peace. However, Medusa the goddess of darkness was different. Medusa hated mankind. She took great pleasure in drying up the crops that man took great pains to grow and in turning people into stone statues. In her anger Palutena changed Medusa into an ugly monster and banished her to the deep, dark Underworld. For being changed into this ugly monster and forced to live in the

Underworld, Medusa promised to take over the Palace in the Sky where Palutena lived. So great was Medusa's anger that she joined forces with the monsters and evil spirits of the Underworld and Medusa's army soon began to surpass Palutena's army in strength. Soon a war between Palutena and Medusa began. Medusa led a surprise attack on

Palutena's army which could barely fend off the attack.

Palutena's army suffered major losses

and was heavily defeated in the final battle. What's more, Medusa's army took the Three Sacred Treasures - the Mirror Shield, the Arrow of Light, and the Wings of Pegasus - away from them. Almost all of the warriors in Palutena's army were turned into stone statues and Palutena herself was imprisoned deep in the Palace in the Sky. The peaceful realm of Angel Land came to be inhabited by foul and terrible monsters and was turned into a land of darkness ruled by

the wicked Medusa. Locked in the depths of the Palace in the Sky, Palutena's strength was drained to its last. As a last resort, she sought the help of the angel youth Pit who was being held prisoner locked in a deep dungeon in the Underworld. Pit was a valiant warrior who used to be in charge of Palutena's personal bodyguards. Armed with a

bow and arrow brought to him through Palutena's magical strength, Pit attempted an escape

from the Underworld. The guard at this time was low in number as Medusa's army had advanced to the Palace in the Sky. Pit

succeeded in his escape and set out on his long adventure to rescue Palutena. Yet to defeat Medusa he had to get the Three Sacred Treasures.

Will Pit be able to restore Palutena's light and return it to Angel Land? Only you can answer that question.

Stage 3 Skyworld Fortress Gatekeeper - Pandora

The skies are full of monsters. Flying through the air, Pit heads for the Palace in the Sky where Medusa awaits him. Take care not to fall from the clouds.

“Questions and Answers”

Q. What should I do to get extra strength (to increase my maximum ENDURANCE)?

A. You get stronger at each checkpoint you pass through if your score exceeds a certain level. In other words, you must get a high score.

Q. Oh, heavenly one! When will you give me the arrows for extra fighting power?

A. Let me tell you. How many of the enemy have you killed? How many chambers have you entered? Have you got a lot of items? And how little damage has the enemy inflicted on you? These all decide the answer to your question.

Q. Why can't I use my weapons?

A. Sometimes you can't use them because you haven't got enough strength.

Q. How can I get to Medusa's chamber?

A. Well, Pit, you must fight fiercely and win many battles.

Q. My weapons were stolen by Pluton and Pluton fly. What can I do to get them back?

A. Hmm. You might try bargaining with the black marketeers.

Q. Can I look forward to anything special once I've rescued Palutena?

A. First you have to rescue her, but once you have, many different endings await you depending on how skillful you have been.
