## WARNINGS Read Before Using Your Sega Dreamcast Video Game System

### CAUTION

Anyone who uses the Sega Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

### HEALTH AND EPILEPSY WARNING

Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using the Sega Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using the Sega Dreamcast.

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

### OPERATING PRECAUTIONS

To prevent personal injury, property damage or malfunction:

- Before removing the disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Sega Dreamcast console, especially not in a CD player.
- Do not allow fingerprints or dirt on either side of the disc.
- Avoid bending the disc. Do not touch, smudge or scratch its surface.
- Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean the disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean the disc.

### PROJECTION TELEVISION WARNING

Still pictures or images may cause permanent picture tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

### SEGA DREAMCAST VIDEO GAME USE

This GD-ROM can only be used with the Sega Dreamcast video game system. Do not attempt to play this GD-ROM on any other CD player; doing so may damage the headphones and/or speakers. ## PROLOGUE

The mid-western town of Raccoon City was completely decimated by the T-virus outbreak, an incident instigated by the international corporation: Umbrella.

Claire Redfield, who traveled to Raccoon City in search of her lost brother Chris, managed to escape from the city

along with rookie police officer Leon S. Kennedy.

But their ordeal is only a prelude of things to come.

Now, 3 months later ...

## Claire Redfield

Claire's inquisitive bent makes her more than just an ordinary college student who loves riding motorcycles. She went to Raccoon City in search of her brother Chris, who was missing under mysterious circumstances. But almost immediately she became involved in a series of eerie incidents engineered by the Umbrella Corporation. Teaming up with rookie cop Leon S. Kennedy, Claire managed to escape the city. Three months later, she now heads to Europe, following up on clues about Chris. However, she is soon caught by the Umbrella Corporation and transferred to the corporation's prison on an isolated island.

2

3

A member of special tactics force S.T.A.R.S., Chris is tough with a will of iron and body of steel. He is good at handling firearms. A former Air Force pilot, he's a top-notch airman. After solving the "mansion incident," he transferred to Europe with his team members Jill and Barry to seek the truth.

## Chris Redfield

Though young and often reckless, Steve is a good-hearted kid. He was captured with his father and held in the Umbrella prison on an isolated island. He has bad feelings toward his family, though exactly why is a mystery. During a prison raid by an unknown organization, he escaped in the chaos. Steve now meets up with Claire and their adventure begins.

## GAME DISC SYSTEM

**Resident Evil Code: Veronica** is composed of 2 discs for the Sega Dreamcast. To start a new game, insert Disc 1 into your Sega Dreamcast. When you finish Disc 1, you will have the opportunity to save your game in order to continue play. This save is different from normal saves during game play.

- You don't need an ink ribbon to save.
- It does not count as a true save. Your progress is only temporarily saved while you change discs.

After saving, you will be instructed to change discs. Remove Disc 1 and insert Disc 2 in order to continue play.

## STARTING A GAME

Insert the disc you want to play into your Sega Dreamcast. Use the Analog Thumb Pad or Directional button to make selections, and press the X Button to confirm.

**DISC 1** – Use to begin a game. To start a new game, select **NEW GAME** in the Title Screen. To play a previously saved game, select **LOAD GAME** and then select the game you want to play.

Dreamcast power ON, immediately turn the power OFF and then ON again, making sure not to touch the controller.

- To return to the Title Screen at any point during game play, simultaneously press and hold the A, B, X, Y and START Buttons. This will cause the Sega Dreamcast to soft-reset the software and display the Title Screen.

- This game uses a maximum of 11 free blocks to create a save file.

## LOAD

To play a previously saved game, insert a Visual Memory Unit (VMU) into your controller and insert either Disc 1 or Disc 2 into your Sega Dreamcast. Choose LOAD GAME and then select a save file you want to load in the Load Screen.

# TROUBLE?

## CAN'T DEFEAT ENEMIES?

- Learn to use your weapons efficiently. Each weapon is best suited to destroying a different type of monster or zombie. Figure out which weapon you need, then put it to use. (Be sure to equip weapons before a fight!) Hint: When a zombie dies completely, blood will spread on the floor.
- Know your enemies. Different enemies have a weakness against fire, acid, etc. Figure out enemies' weakness and use the most effective weapon. Also learn enemies' attack patterns.
- If nothing works, run!

## CAN'T HEAL YOUR CHARACTER?

Search the background for Herbs and First Aid Spray. These items are sometimes found on a dead body or in a desk or locker. Herbs can be combined and have the following effects:

- Green = Light Healing
- Red = Enhance Green Herb Effect

- Blue = Cure Poison
- Green + Green = Medium Healing
- Green + Green + Green = Complete Healing
- Green + Red = Complete Healing
- Green + Blue = Light Healing + Cure Poison
- Green + Green + Blue = Medium Healing + Cure Poison
- Green + Blue + Red = Complete Healing + Cure Poison

## CAN'T SOLVE PUZZLES?

When you come to a new area, search for files and memos that may contain clues. Also when you get a new item, check it carefully and you may find a clue.
