CONGRATULATIONS!

You have just purchased **PAPERBOY 2™** a premium quality **TENGEN** game for play on your Sega™ Genesis™ system. You remember the original arcade smash hit. Now you can deliver to a whole new bunch of zany subscribers. Get ready for countless hours of exceptional fun at home!

QUICK START

► To start the game:

1. Place your Paperboy 2 cartridge in your Sega Genesis.
2. Turn on your Sega Genesis.
3. Any time after the title screen appears, you can press the **A Button** or **Start** to advance to the Game Select Screen. (if no buttons are pressed, the game will go into demo mode)
4. Select your action figure, Paperboy or Papergirl by using the **A Button** on your controller.
5. Start peddling 'cause it's time to begin your paper route!

GAME SELECT SCREEN

After the title screen, you will see the Game Select Screen. Here you can choose your route and whether you would like to play Paperboy or Papergirl. You can cycle through the choices by using the ↑ or ↓ on your controller. Select the route option with the ↑ or ↓ arrow on your controller, then cycle through the available routes with the ← or →.

If you have two controllers plugged in, two people can play at once!

The Options selection will allow you to turn the music on or off, conduct a sound test (it's fun, try it!) or customize how you want the controller to work.

PLAYING THE GAME

When the game begins, a screen shows all the houses on your route. The houses that you must deliver to are yellow and the non-subscribers' are blue. Don't worry about memorizing this screen, because once you are on your route you'll know who to deliver to by the blue newspaper box and the red welcome mat in front of a subscriber's house.

The object of the game is to successfully deliver to all of your subscribers every day. A missed subscriber will cancel his subscription! Get the newspaper in the box or on the welcome mat to successfully make the delivery. You can get extra points by doing good deeds such as saving babies, or stopping robbers. Also collect bonus points by breaking non-subscriber's windows and flower pots. But be careful, subscribers will cancel if you damage their property!

LEVELS

The game has three "weeks" of seven days each (Monday through Sunday). Each route has 18-20 houses. If you miss or damage a subscriber's house, that subscriber will cancel. You can regain a canceled subscriber by successfully delivering to all subscribers on your route. This is a perfect delivery. If you have no canceled subscribers to regain, you will earn an extra life when you achieve a perfect delivery. You can have a maximum of nine lives at any one time.

If you can successfully complete a week, you will earn a promotion to a new route with fancier houses.

Week 1: 20 houses, a gas station and a market

Week 2: 18 houses, a gas station, a market, a carnival and a park

Week 3: 18 houses, a gas station, a market, a carnival, a park, a car dealer and a mall

Training Course: In addition, there is a bonus round training course at the end of each day. This training course will allow you to perfect your skills and gain extra points. Crashing in the training course will not cost you a life.

SCORING

The score indicator appears in the upper left hand corner of your screen. Line 1 shows your score and Line 2 the number of newspapers you have available. The upper right corner shows the number of lives you have remaining.
