The year is 1999.

Television is cashing in on the blood lust of its viewers. Violence dominates the screen.

Topping the ratings are the TV game shows that offer the ultimate in prizes: your life! Winning and losing has become "kill or be killed!"

One show stands as the biggest, most spectacular, most dangerous, and most rewarding show of all: SMASH TV.

Alone, or in a pair, powerfully armed contestants are sent into a closed arena. There, before a live studio audience and devoted TV viewers from around the globe, they battle opponents—human, humanoid, and inhuman—and search out the cash and prizes that will make them SMASH TV Grand Champions.

Ready for prime time?

The future is now!

You are the next lucky contestant!

# WEAPONS... I NEED MORE FIRE- POWER

Your basic weapon, the machine gun, will obliterate your lesser opponents. However, final victory in any round demands that you grab every weapon upgrade and power-up you can find!

Once the symbol for an upgrade or power-up appears, to pick it up, move over it.

Power-ups, such as increased speed or the mobile forcefield, work simultaneously with your weapons, but only one weapon can be used at a time.

**Note: With each new life, you also get the mobile forcefield. For crowd control, there's no equal!**

Rapid fire grenade launcher.

Rapid fire, high-power

Blows up all opponents on screen.

Machine gun firing remote.

Multi-direction photon gun.

High power missile launcher.

Mobile forcefield.

Discus defense.

**Note: Weapon upgrades last until all 6 of the squares under your score turn red.**

# YOUR OPPONENTS TONIGHT...

The audience is crying out for blood and with the forces stacked against you...they'll soon be satisfied!

Opponents whose main strength is in numbers, like gangs wielding baseball bats, laser firing orbs, and exploding tin soldiers, will attack you at every opportunity throughout the game. However, each round of the show also features one Super-Star Opponent—with unique talents for mangling contestants.

As the main attraction, they won't give up easily, but find their weak spots and you've got it made. Be relentless in your attack and enjoy watching them crumble.

The Super-Star Opponents are:

## MUTOID MAN

Half tank, half mutant, and all deadly! He'd just as soon run you over as look at you with his twin laser firing eyes. Pound him with everything you find and remember...armless isn't harmless.

## SCARFACE

If looks could kill, Scarface would be ahead of the game. Not only is he ugly, but get hit and your career in prime time is history.

## COBRA HEAD

The cobra is the king of the snakes and you've got double trouble! These mammoth reptiles have steel scales that will crush you like a bug and forked tongues that speak with high-tech firepower.

# BIG MONEY... BIG PRIZES... I LOVE IT!

Winning is everything...but winning big is even better. Grab the prizes that appear by moving over them...but watch out, they may also hide a dangerous land mine!
