DIO'S REVENGE

At the end of the 19th century, on a country estate in England, the nobleman Sir Joster lived with his unlikely ward, a boy named Dio. Sir Joster had been Dio's guardian ever since Dio's father had saved Joster's life – and sacrificed his own – under mysterious circumstances.

Dio should have been grateful, but he had not inherited his father's selfless character. Instead, he plotted to take possession of Sir Joster's fortune.

Disguising himself with a strangely powerful mask, Dio became an immortal monster. He waged war on Sir Joster, but was repeatedly driven off by the nobleman's true son, Jonathan.

After a series of long, vicious battles, Dio was defeated and imprisoned deep under the ocean.

One hundred years have passed ...

A bizarre iron coffin is discovered near the Canary Islands in the Atlantic Ocean ...

In Japan, Jotaro Kujo, known to his friends as Jojo, awakens one morning feeling very weird. Something strange happened to him during the night. During his restless dreams, Jojo felt as if another being were taking over his psyche!

Recently, Jojo's mother, Holley, had fallen seriously ill. It was learned that she had been overcome by "the Stand."

This overpowering, mysterious, psychic inner persona would attack without warning.

Could Jojo also be affected by the Stand?

That day, Jojo learns the cause of his mother's mysterious condition – Dio has risen from the deep!

In order to defeat Dio and save Holley, Jojo and his friends head to Egypt. There they hope to discover the answer to the puzzling illness and unsettling dreams.

However, legions of Dio's savage minions will do anything to stand in their way ...

SUPER COMBOS

As you attack or block, the Super Combo Gauge builds up. When the gauge is full, you can perform special moves such as Tandem Attack. Certain Super Combos require more than one level of the Super Combo Gauge. (See pages 15-23 for the Super Combo commands for each character.)

Tandem Attack

↓←← + X button

This move requires Level 1 of the Super Combo Gauge. There are three types of Tandem attacks, Program, Real Time and No Tandem, depending on the character.

Program Attack

After inputting the Tandem Attack command, program (input in advance) your Stand's attacks. After a while or when you release the X button, your Stand will begin the attack sequence. During this performance, your character can also move and attack simultaneously.

Real Time Attack

After you input the Tandem Attack command, your character can move super fast. During this performance, you can link attacks that do not normally link.

No Tandem Attack

Pet Shop, Mahrahia, Black Polnareff and Shadow Dio cannot use the Tandem Attack.

This section shows the Special Moves and Super Combos for the 18 fighters selectable when you start the game. For each warrior, the Directional button moves are for characters facing right. Reverse the left/right moves for characters facing left.
