Crazy Golf

Loading Instructions

Reset computer by holding down CTRL,SHIFT, and ESC keys
together in that order. Place cassette into Datacorder.
Rewind tape to beginning then press STOP/EJECT once.
Press CTRL and small ENTER keys simultaneously then press
PLAY followed by any key. This program will take about $4\frac{1}{2}$
minutes to load.
AMSOFT JY1 Joystick compatible.

Crazy Golf is a challenging game, featuring eighteen different graphic screens. The number of each hole with its par, and the strokes taken for the hole are shown at the bottom of the screen. (As each hole is completed the total strokes so far is also displayed).

PRESS FIRE OR COPY KEY TO START.

Control is by joystick or by using the cursor pad.

LEFT: Changes the pointer to the direction of the stroke anti-clockwise.

RIGHT: Moves the indicator clockwise.

UP: Increases the power of the stroke as shown at the top of the screen.

DOWN: Decreases the power of the stroke.

FIRE: (OR THE COPY KEY) Hits the ball in the direction set with the power shown.

SPACE BAR: Allows a hole to be skipped and the next played. This adds a penalty equal to the par for hole plus 3 strokes to the score.

Q: Quits the present game and a new game is started.

Crazy Golf is great fun and should provide many hours of fun for everyone.
