THEY CAME IN THE NIGHT.....

From the realm of the undead, from the cold, dark, land to the east of the forest, they came. As the Sage said "You cannot kill what is already dead". But they could, and did, massacre our vastly outnumbered warriors. They took the beautiful child Princess, and the ancient scrolls that had protected the land from their overlords - the EVIL ONES. Now the people live without hope, and the domain lies barren, and in permanent darkness.

You were a young boy at the time. So young that you were able to hide 'neath your mother's skirts when the pillage happened. You are the only remaining male, in a land populated by old, frail men, and defenceless women. The elders have taken you under their guidance. They teach you the arts of combat, and the secrets of the Old Ways.

Now is the time. Ready or not you must cross the Forest, and go to the land to the East, the Land of the EVIL ONES. You must enter the castle and rescue the Princess.

If you fail you will never return. You will become one of the UNDEAD.

THE GAME

Your mission begins in the forest outside the castle of the EVIL ONES. You must find, and collect, the six Ancient Scrolls before you can enter the castle. Whilst searching for the Scrolls you must do battle with the undead. Watch out for the obelisks; touch one and a wizard will be summoned to cast powerful spells against you.

The scroll icon at the bottom right of the screen indicates how many scrolls you must still collect. Enter the castle through the doorway at the right hand side of the screen.

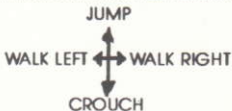

Once inside the castle you must search for the Princess. You will find keys, in various places, to open the locked doors. (The key icon at the bottom of the screen will flash when you have found a key). You must fight the EVIL ONE'S foot soldiers, and avoid the fire balls that are sent against you. Once you have found the Princess, you must battle your way out of the castle, and lead her to safety.
