

HONG KONG PHOOEY

N#1 Super Guy!

Baron Von Bankjob has escaped from jail!

Who comes to the rescue? It's Hong Kong Phooey, emerging from the sticky top drawer of his special file cabinet, with the help of trusty police station cat, Spot. The latest living legend of our time emerges, mask and kimono askew, the indispensable Kung Fu manual tucked firmly inside his pocket.

Otherwise known as the bumbling janitor of Police Headquarters, Penrod Pooch, our hero leaps into the fray. He remains supremely confident of his dazzling footwork, lightning quick reflexes, and keen powers of perception, despite continual trips, flip-flops and bumbles. In Phooey's mind, the power imbued through his Kung Fu manual cannot but triumph. In reality, victory over the many colourful villains must be attributed to the backstage manoeuvres of shrewd little Spot.

The Baron's hideout is located in a deserted warehouse somewhere in the docklands. Your task is to locate the Baron and bring him to justice.

Although this may sound easy, beware, there are numerous hazards and objects to negotiate.

THUGS

These are faithful servants of the Baron. They will stop at nothing to prevent you from reaching your goal. Thugs can kick, punch, shoot and even throw knives.

COLLAPSING PLATFORMS

The warehouse is old and decrepit, some platforms aren't too safe. Too much pressure and they're sure to collapse.

ELEVATORS

Luckily for you, the elevators are still working. To operate these Hong Kong must stand on them and push the joystick in the required direction i.e. up or down.

CONVEYORS

This is a perfect way to rest your feet, although once on the conveyors, they will force you to move in their direction.

SWITCHES AND DOORS

In set places you will find locked doors. These can only be opened by operating the corresponding switch.

OIL PATCHES

If you pass, through these you will slip and slide uncontrollably.

ACID PATCHES

Contact with any acid results in energy loss.

FALLING DEBRIS

Hong Kong must be forever ready to avoid falling debris that can appear at any time.

PLAYER CHARACTERISTICS

Hong Kong is able to kick, punch, jump and duck. energy is lost by contact with any of the thugs or their weapons. This is depicted by the famous Hong Kong Book of Kung Fu slowly dissolving as you become weaker. To regain energy, drinks must be collected. These are scattered throughout the warehouse. Once all your energy is lost the game is over.

HONG KONG PHOOEY

El barón Von Bankjob se ha escapado de la cárcel!

¿Quién va al rescate? Hong Kong Phooey, que emerge del pegajoso cajón superior de su archivo especial, ayudado por Spot, el fiel gato de la comisaría. La más reciente leyenda viviente de nuestros tiempos emerge, con su careta y kimono torcidos y el indispensable manual de Kung Fu bien metido en el bolsillo.

Conocido también como el inepto conserje de la Jefatura de Policía, nuestro héroe, Pernod Pooch, entra en la refriega. A pesar de sus continuos tropiezos, cambios de parecer y chapucerías, tiene absoluta confianza en su ligereza de piernas, sus reflejos relámpago y su aguda perspicacia. Phooey cree que la fuerza empapada de su manual de Kung Fu no puede sino triunfar. De hecho la victoria sobre los muchos criminales

pintorescos se debe atribuir a las ocultas maniobras del pequeño y astuto Spot.

El escondrijo del barón se encuentra en un almacén desierto, en el puerto. Tu misión es localizar al barón y llevarlo a la Justicia. Aunque esto pueda parecer sencillo, ten cuidado: tienes muchos peligros y objetos que franquear.
