

# THINGY AND THE DOODAHS

© MICHAEL SMITH

## THE GAME

Thingy is a bit of a Wally. He has broken his Amstrad and if his parents find out, his life won't be worth living. So, he has to embark on the journey of a lifetime. He must search areas of a decidedly odd world, and negotiate a maze until he finds enough money to buy a replacement AND avoid the Doodahs on the way. There are many different types of Doodahs, the most deadly of whom are the merciless Whatsisnames. Others are Thingummybobs, Whatchamacallits and the So-and-sos.
