INSTRUCTIONS

1. Connect your Atari 2600 to Sears Roebuck using the manufacturer's instructions.
2. With your Atari 2600 in that game you will see only your life airplane.
3. Making sure that the power is off, insert the cartridge into your Atari 2600 console.
4. Switch power on.
5. Select the game of your choice. Choose the right available game when the Atari 2600 has been selected by using the correct switch.
6. Pressing the red button will start the equipment started.

7. Your points are scored as follows:

Large Enemy Airship	1000 pts
Smaller Enemy Airship	500 pts
Jet Plane	250 pts
Helicopter	100 pts

You have three (3) minutes to get as many points as possible. Once your three ships are destroyed, the game is over. If you can manage to get 1000 points, you will get another ship, and one for every additional 1000 points.

AIR RAID™

Air Raid is a single player action game that is designed to play on the Atari™ Video Computer System™ or the Saturn™ Teleports™.

You are the only available defense against the evil that has befallen the City. National Income has caused a major decrease in military spending. Because of this, the Military High Command only wants those of average normal ability to operate the few remaining anti-aircraft defenses. You must perform an impossible task... that of destroying any enemy ships before they have a chance to destroy you or before they make 12 direct hits on your buildings. Any 12 hits on a building will reduce it to rubble. When all the buildings are destroyed, the game is over.

Just for the fun of it, you can rack up quite a score before the inevitable happens. You can even be awarded a hero by adding to your fleet, one award for every 1000 points.

Good luck, Commander, the City is in your hands!
