DEMON ATTACK™

ATARI® 400/800™ DEMON ATTACK INSTRUCTIONS

Marooned on the ice planet Krybor, you watch legions of eerie creatures stream overhead. They hover ominously. Attack and destroy them—or be destroyed!

Armed with your Laser Cannon, you confront the ultimate challenge: Survival!

Game Objective

Destroy demons and accumulate points before you and your Laser Cannon meet with oblivion. Keep reserve bunkers intact and increase their number by avoiding your foes' fire. When the last bunker disintegrates, the next enemy hit will pulverize you!

- Your Laser Cannon has unlimited firing power.
- Dodge left or right to avoid enemy fire while pursuing aliens.
- Accumulate reserve bunkers (bottom left of screen). You begin with 3.
- Each attack wave you survive completely untouched earns you an additional bunker, to a maximum of 6.
- Every hit you absorb destroys a bunker.
- When all bunkers disappear, another alien assault will vaporize you.

Hand Controls

- Your joystick controller allows you to maneuver. Position controller so that the red firing button is in the upper left corner. To move the Laser Cannon left, push joystick left; for right mobility, lean joystick right.
- To fire: press red button.
- 1-player versions: use left hand controller.

Keyboard Unit

- Press yellow Option button to change game variation.
- Game number appears at top center of screen.
- Press Start button to begin the action. Game begins again whenever you press Start button.
- Fire button on left hand controller will reset game when previous game ends.

1-Player Games

Games 1, 3, 5, and 7 pit you against progressively more difficult waves of alien adversaries. Pick up the pace: the higher the game number, the greater the challenge! Games 3 and 7 feature special tracer shots. Your Laser Cannon powers fire all over the screen.

2-Player Games

Games 2, 4, 6, and 8 match your wits against more than waves of winged warriors!

Each player:

- takes on similar waves of demons
 - maneuvers a separate Laser Cannon
 - left joystick: red
 - right joystick: gold
 - has own reserve bunkers
 - registers an independent score which shows when your Laser Cannon appears on the screen.
- Play alternates between players at the end of each wave.
- If both players survive the assault, they proceed to the next wave.

- If one player loses all reserve bunkers and gets vaporized, the other continues on to succeeding waves.
- Both players' scores show at game's end, keyed to Laser Cannon color.
- Games 4 and 8 feature special tracer shots.

Special Co-op Versions

Games 9 and 10 allow 2 players to take turns against the same wave of attack.

- Laser Cannon control alternates every four seconds. Keep track of your color!
- Independent scores appear on screen.
- You share reserve bunkers; when they're gone, another blast ends the game.
 - Game 9: uses standard weaponry
 - Game 10: uses tracer shots
- If you are hit in games 9 or 10, your "partner" scores an additional 500 points.
