

**URBAN UPSTART –
A COMPLEX ADVENTURE WITH
SPECTACULAR GRAPHICS FOR
THE COMMODORE 64
by Peter Cooke.**

Scarthorpe is the sort of town where even the dogs carry flick knives! Where there's only one road in, and that's a one way street!

The sort of town where rebuilding means a new coat of paint, and where people queue up to queue up for a job! Not many people come to Scarthorpe, and even fewer leave.

The church bells chime three in the morning . . . the streets are deserted . . . now is your chance to Escape from Scarthorpe!

To help you on your quest, this program shows a graphic representation of every location you enter.

GOOD LUCK!

LOADING

LOAD "UPSTART", 1, 1 then press RETURN.

USING THE PROGRAM: To explore Scarthorpe you will need to move from location to location by entering North, South, East or West. You need only use the first letter, i.e. N for North. Follow all instructions by pressing Return.

To play Urban Upstart as a text only adventure enter "GRAPHICS OFF". To reinstate graphics enter "GRAPHICS ON".

To give commands, use simplified English. The program has a large vocabulary including UP, DOWN, ENTER, LEAVE, IN, OUT, CROSS, EXAMINE, LOOK, EAT, DRINK and many others. It is also possible to string commands together, for example "TAKE DUNGAREES AND GO NORTH" or "KILL FAN AND TAKE TRAP". Remember to press return after each instruction.

There are also a number of special functions designed to help you. For example "TAKE" or "T" will allow you to pick up a useful object and carry it with

you. Enter "DROP" and you will leave the object behind. If you are unsure of which items you are carrying, enter "I" for an inventory. To see how well you are doing enter "SCORE" to be given points out of 22. If your game is going badly you can abandon it by entering "QUIT".

If you wish to save the game to be continued later, enter "SAVE" and press Return. Then follow the on-screen instructions.
