VIDEO GAME INSTRUCTIONS

CAT TRAX™

I. GENERAL

1. Be sure the power switch is in OFF position (RED POWER LITE OFF) when inserting or removing a game cartridge. This will prevent damage to your cartridge and console.
2. Insert cartridge into console (Game name should face you).
3. Read this "OWNERS MANUAL" before playing game.
4. Refer to it for all necessary adjustments for best results.

II. OBJECT OF THE GAME

1. The game is about 3 Dogs chasing after a Cat.
2. There are 4 different games plus 8 additional options which make a total of 32 possible play combinations. Games and options will be described later in more details.
3. The purpose of this game is to score as many points as possible.
4. Points are achieved when the Cat eats the Catnip (Dots), apple, fish and Dogs themselves. (SEE V. SCORING)
5. Each game can be run with 3 Cats continuously.
6. Initially the Cat will be chased by the Dogs. However, it can turn the tables by eating a fish appears randomly in the middle of the screen for a certain period. Then the Cat will change into a Dog Catching Truck and a count down timing will appear inside the upper part of the doghouse. Within the count down period, the Dogs can be caught by the Dog Catching Truck and they will be sent back to stay in the doghouse automatically until the count down timing is finished.
7. When the Cat eats a fish at the first frame, the count down timing

until will start from 5.0 (actual timing is about 30 seconds). However, if the Cat succeeds to clean up all Catnip (Dots), a second frame will be continued. At this second frame, the count down timing unit for the Dog Catching Truck starts from 4.0 (actual timing is about 25 seconds). And from the third frame onward, the count down timing unit will always start from 3.0 (actual timing is about 20 seconds) until the game is over.

8. The apples and fish will appear at random. When eaten by the Cat you get additional points (SEE V. SCORING). They will then reappear at random at a later time.
9. You have 3 Cats to run for each game. After all Cats being eaten by the Dogs, the game is over. The highest score will store in the computer memory and appear on the top right of the screen. If it is not the highest, then it will disappear when the Start button on the console is being pressed.

III. THE VARIOUS GAMES

GAME 1 —

- A. Has "GATE" feature. Press either button of left column (BUTTON # 1, 4, 7 AND CLEAR) is for closing gates and right column (BUTTON # 3, 6, 9 AND ENTER) is for opening gates. This gate feature enables the player to close the gate and isolate the Dogs, and to open the gates for escape purpose.
