THE ONE AND ONLY!

THE PLOT

PAC-MAN is in love! And what a star his sweetheart is, with her red hair ribbon and long eyelashes. Just like her leading man, MS. PAC-MAN chomps her way through mazes as she battles four ghosts. Round and round, back and forth, across the stage she races as she gobbles up dots, energizers and tantalizing goodies. Can she escape the marauding ghosts? Will it be the final curtain for her? Will PAC-MAN ever see his lady love again?

THE CURTAIN RISES

MS. PAC-MAN appears at center stage. To earn her curtain call, she must eat all the dots in each maze before she is gobbled up herself by the four ghosts.

But can she stall them? If she swallows one of the four energizers, the ghosts change into blue costumes. With only seconds to act, she must chase them down and devour them before they change back into their everyday clothes.

As MS. PAC-MAN finishes each round, a new fruit or goodie appears on the screen, and the chase continues. Faster and faster she runs as she turns a corner here, avoids a trap there. The ghosts aren't far behind! Quickly she swallows an energizer, then turns back on them. But before she can bat her eyelashes, the ghosts change back and the chase is on again.

THE PLOT THICKENS

This is one tough performance! MS. PAC-MAN must scramble through four different maze patterns. And the mouth-watering treats that bounce across the stage try to lure her toward the ghosts.

Fortunately, she has three lives in this show. But once they're gone, her performance is over — and so is the game! But she can earn an encore. If she gets through the band-a maze, MS. PAC-MAN enters the random fruit mazes. So hold your applause until the final curtain.

STAGE DIRECTIONS

Here are some tips on strategy:

...Make sure MS. PAC-MAN eats the dots as quickly as she can. But don't let her take the energizers too early, or she'll lose her only edge over the ghosts. Wait until they start to gain on her. Then she can tease them toward the energizer before she gobbles it up and turns the chase on them.

...Remember, each maze has escape tunnels that lead off stage and back on again and safe spots where MS. PAC-MAN can hide. They could save her life.
