

QUEST FOR TIRES™ By Sydney

“Help! Help!”

It’s Cute Chick, and she’s in trouble. Can Thor save her from the hungry dinosaur in time?

Help your favorite caveman avoid rocks, holes, and countless other obstacles in his quest to save Cute Chick. Guide him across the wide river, using some very unreliable turtles as stepping stones.

Later on, Thor will need a little help getting over the lava pit. If he jumps at just the right moment, the Dooky Bird will oblige.

The cliff presents a different hurdle. Thor must build up plenty of speed on his downhill run in order to jump it.

Thor will face his most difficult challenge when the volcano erupts. While busy leaping boulders on the ground, he must also dodge the volcanic debris raining down from the sky.

If the dinosaur isn’t in his cave, Thor can breathe a sigh of relief. The prehistoric caveman is brave, but no match for the beast.

Once in the cave, Thor has only a short distance to go to rescue Cute Chick. But he must avoid stalactites and stalagmites to keep from crashing. If Thor does crash, don’t worry too much; he has five wheels.

True Love calls, so use all your agility and cunning to help Thor rescue Cute Chick. Watch out for Fat Broad along the way -- she’s determined to foil the romance!
