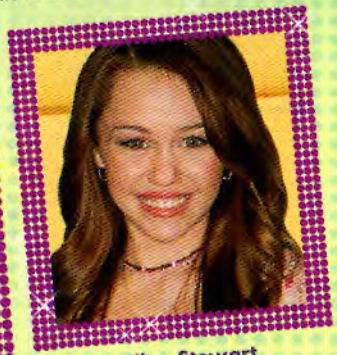
HANNAH MONTANA

Miley Stewart is secretly living a double life as Hannah Montana. Her secret is only known to her best friend Lilly. That's until she wakes up one day and receives a message from an anonymous person saying that they know her secret! Fill Miley's shoes and discover the identity of the mysterious message's author before the word is spread. Try to find a way to keep them from revealing her secret.

MAIN CHARACTERS

Miley Stewart has a dual identity – normal teen by day, famous pop star Hannah Montana by night. Miley loves being a performer but wants to lead a normal teen life by keeping her fame a secret.

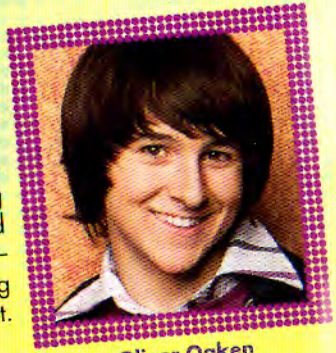
Hannah Montana



Miley Stewart

Lilly Truscott

Miley's best friend, Lilly, is a drama queen – but in a fun way. She is adventurous, athletic, a tomboy and rides a skateboard. She is in on Miley's secret and loves to take advantage of the trappings of Hannah's pop star lifestyle.

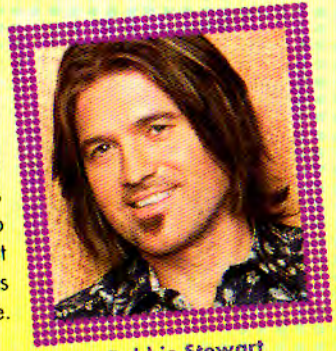


Oliver Oaken

Oliver is Miley and Lilly's friend. He believes he can accomplish anything if he tries hard enough, and he's always willing to try – even at the risk of looking like an idiot.

Jackson Stewart

Jackson is Miley's big brother. He's always scheming to get what he wants. The fact that Miley is also Hannah Montana doesn't change Jackson's desire to taunt and tease his little sister.



Robbie Stewart

Miley's dad, Robbie, is also a musician and writes Hannah's songs. He is a supportive father that guides Miley through her pop star career. To Miley's horror, Robbie will often slip into long-winded stories about distant backwoods relatives back home in Tennessee.

Regular Characters

Some characters you talk to in the game will give you important information about your investigation. Others might ask you to do something for them before telling you what you need to know. Bottom line? Pay close attention!

Jackson, Oliver, Amber & Ashley

Getting Jackson, Oliver, Amber & Ashley to move out of your way can be a major challenge! While in converstions with them, you'll be offered a choice of responses with attached shapes. To get these characters to cooperate, you'll need to draw the shape on the Touch Screen that matches the shape attached to the correct response.

Lilly's Help

Miley's best friend Lilly will always be around to help. If you get lost or wonder what to do next, just tap on the help icon in the Touch Screen's upper left corner, or press the **Y Button**.

GADGETS

At the start of your adventure, Oliver will offer you some handy gadgets. To use them, tap on the appropriate Gadget Icon in the Touch Screen's upper left corner. To exit Gadget Mode, tap again on the Gadget Icon in the Touch Screen's upper right corner or press the **X Button**.

Flash-O-Matic

This special flashlight is used for searching dark rooms for important items. Once activated, hold the stylus down inside the circle of light and drag it around the screen to find hidden objects.

Magno-Glass

This cool device is for searching normally lighted rooms. After you select it, hold the stylus down inside the magnified area and drag it around the screen to discover unseen items.

INVENTORY

You'll collect all sorts of cool stuff as you travel around Malibu. These items are placed in your Inventory, which is shown at all times on the Top Screen. To use your Inventory, tap on the arrow in the upper right corner of the Top Screen or press the **A Button**. The Inventory will then move down to the Touch Screen. Tapping on an item in your Inventory will create a larger Icon of the item in the Top Screen as well as a brief description. To exit Inventory Mode, tap on the arrow or press the **A Button** again.

Categories

Your Inventory has three Categories: Clues, Gifts and "?" Clues are hints about the suspect you're pursuing. Gifts are items another character has asked you to find for them. It's up to you to discover what "?" is. Often, it's an incomplete item that must be combined with another item in order to become either a clue or a gift.

Commands

When in the Gifts Category, give an item to a character by first selecting the item, then choose the Give Command. After you're returned to Game Screen, tap on the character you want to give the item to. When in the "?" Category, you can use the Combine Command to complete certain items. First, you must have both parts of the item to be completed. Then, select the first part, select the Combine Command, and finally select the second part. If you selected matching parts, the new item will be moved to the correct Category, either Clues or Gifts.

Miley's totally stylin' bedroom is your headquarters. Here you can access important game functions by tapping on special objects in the room. All of these functions can be exited by tapping on the Back icon on the Touch Screen or by pressing the **X Button**. The bedroom can be accessed at any time from the City Map in the Pause Menu.
