**IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES**

**⚠ WARNING - Seizures**

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

|                |                         |                   |
|----------------|-------------------------|-------------------|
| Convulsions    | Eye or muscle twitching | Loss of awareness |
| Altered vision | Involuntary movements   | Disorientation    |

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

**⚠ WARNING - Repetitive Motion Injuries and Eyestrain**

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
  - Take a 10 to 15 minute break every hour, even if you don't think you need it.
  - If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

**⚠ WARNING - Electric Shock**

To avoid electric shock when you use this system:

- Do not use the Nintendo GameCube during a lightning storm. There may be a risk of electric shock from lightning.
- Use only the AC adapter that comes with your system.
- Do not use the AC adapter if it has damaged, split or broken cords or wires.
- Make sure that the AC adapter cord is fully inserted into the wall outlet or extension cord.
- Always carefully disconnect all plugs by pulling on the plug and not on the cord. Make sure the Nintendo GameCube power switch is turned OFF before removing the AC adapter cord from an outlet.

**⚠ CAUTION - Motion Sickness**

Playing video games can cause motion sickness. If you or your child feel dizzy or nauseous when playing video games with this system, stop playing and rest. Do not drive or engage in other demanding activity until you feel better.

**⚠ CAUTION - Laser Device**

The Nintendo GameCube is a Class I laser product. Do not attempt to disassemble the Nintendo GameCube. Refer servicing to qualified personnel only.

Caution - Use of controls or adjustments or procedures other than those specified herein may result in hazardous radiation exposure.

**CONTROLLER NEUTRAL POSITION RESET**

If the L or R Buttons are pressed or the Control Stick or C Stick are moved out of neutral position when the power is turned ON, those positions will be set as the neutral position, causing incorrect game control during game play.

To reset the controller, release all buttons and sticks to allow them to return to the correct neutral position, then hold down the X, Y, and START/PAUSE Buttons simultaneously for 3 seconds.

## COMMAND REFERENCE

## INTRODUCTION

Every year, surfers from all over the world travel to Pen Gu Island to participate in the biggest surfing competition of all: Reggie Belafonte's Big Z Memorial Surf-Off. Taking place in various surf spots around Pen Gu, the competition is only open to the cream of the crop. Contestants are expected to surf in all conditions: at night, during a storm, between icebergs...not even a volcanic eruption will stop them! However, one thing stands between these contenders and victory: Tank, the nine-time champion, ready to do whatever it takes to stop any challenger who might stand between him and that 10th trophy. What kind of surfer are you? A wave-ripper, going for the glory? Or a mellow, "enjoy the ride" type of surfer? One thing's for sure, by the end of this competition, you'll be a true Surf Legend!

## COMPLETING OBJECTIVES
