3. Turn the power switch ON.

You'll first see *The American Gladiators* title and credit screen. Wait a few seconds to view other credit screens or press the START BUTTON for an awesome group-shot of the *American Gladiators* on the PLAYER SELECTION screen.

▶ Selecting Number of Players

Press the UP/DOWN ARROWS or the SELECT BUTTON to make your selection. Then press START or the A BUTTON.

In a 2-player game each player takes turns playing. Your turn is over after you lose all 5 lives or when you complete an event. Then it's the next player's turn. Once you've completed levels 1 or 2 (see *Completing Events and Levels*, below), you can continue even if you've lost all of your lives.

► Entering your Password

After you've selected the number of players, you'll have the option of entering a password. The password will allow you to start at a level other than the beginning level. You will receive your passwords only when you've completed certain levels. Write these passwords down.

To enter a password press the UP/DOWN ARROWS or the SELECT BUTTON to select "PASSWORD." If you wish to start at the first level, simply press the START or A BUTTON to go to the GAME SELECTION SCREEN. Otherwise, use the A and B BUTTONS to enter your password.

Once you've completed levels 1 or 2, you can continue even if you've lost all of your lives. The game is over when all lives are used up or when the player completes all the events and levels.

For more information about the four levels, see *ELIMINATOR*, page 13.
