**⚠ WARNING: DO NOT USE WITH FRONT
OR REAR PROJECTION TV ⚠**

Do not use a front or rear projection television with your Nintendo Entertainment System® ("NES") and NES games. Your projection television screen may be permanently damaged if video games with stationary scenes or patterns are played on your projection television. Similar damage may occur if you place a video game on hold or pause. If you use your projection television with NES games, Nintendo will not be liable for any damage. This situation is not caused by a defect in the NES or NES games; other fixed or repetitive images may cause similar damage to a projection television. Please contact your TV manufacturer for further information.

This official seal is your assurance that Nintendo® has reviewed this product and that it has met our standards for excellence in workmanship, reliability and entertainment value. Always look for this seal when buying games and accessories to ensure complete compatibility with your Nintendo Entertainment System®.

PLAYING THE GAME

It's early morning and the birds are singing. That familiar "TWAP!" could only mean one thing--the Paperboy is in town. Through sleepy eyes, you deliver newspapers to your loyal customers. While this may sound like an easy job, you'll need all your riding skills just to survive your route through the jungles of suburbia.

At the end of each day, your hard-nosed boss reviews your performance. If you did well, you get to wake up bright and early the next day and make your rounds again. If you didn't make the grade, maybe there's a job for you down at the local fast-food joint.

GAME SEQUENCE

After the title screen, a game option screen appears; press the Select Button to choose a 1- or 2-player game. To return to the option screen from the demo sequence, press the Select Button. Press the Start Button to begin the game. When the game begins, you'll see a screen that shows your customers (blue houses) and non-customers (red houses). Your score, lives remaining, and papers are shown in the upper left corner of the screen.

Score points by delivering papers to your customers--the yellow, white, or blue houses with the paperboxes in front. Make sure you get their papers delivered or they'll drop their subscriptions! You also get points for breaking non-subscribers' windows. Collect bonus points by hitting garbage cans, lamps, bushes, and tombstones.

You begin the game with four lives. Avoid all obstacles that cross your path; if you crash and fall off your bicycle, you lose a life. You start off with 10 papers--pick up extra bundles of papers as you go in order to finish your route.

THE TRAINING COURSE

After you have completed your route, you get a chance to really show your stuff and earn extra points at the Training Course track. You have 45 seconds to complete the Training Course--when you enter the course, a countdown timer appears in the lower right corner of the screen. Toss papers at the targets along the way as you weave in and out between obstacles. Jump ramps to replenish your supply of papers. If you complete the Training Course, the number of seconds remaining on the timer is multiplied by 100 and added to your score.

THE DAILY REPORT

After the Training Course, the Daily Report screen appears. If you missed any subscribers' houses (or broke their windows!), those houses will be flashing on the screen to indicate that they have cancelled their subscriptions. If you made all your deliveries, you get to keep the subscribers you started off with and gain additional subscribers. When you get through an entire week of daring deliveries, you'll make the headlines!

THE HIGH SCORE SCREEN

If you make it into the Top Ten, you'll get a chance to put your initials on the High Score Screen. Press the Control Pad forward or back to scroll through the alphabet, and press either the A or the B Button to select a letter. Press the Control Pad right to move to the next letter.

CONTROL FUNCTIONS

Press the Control Pad forward and back to accelerate and decelerate. (Note: To maintain your top speed, you must continue pressing forward on the Control Pad; once you let go, your speed will gradually decrease.) Press the left or right side of the Control Pad to move in the corresponding direction. Press either the A Button or the B Button to throw a paper. Press the Start Button to pause the game. Press the Start Button again to resume play. Note: You may not be able to pause the game while digitized sound effects are audible. Simply wait until the sound stops, then press the Start Button to pause the game.

COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer's instructions, may cause interference to radio and television reception. It has been type tested and found to comply with the limits for a Class B computing device in accordance with the specifications in Subpart J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna
- Relocate the NES with respect to the receiver
- Move the NES away from the receiver
- Plug the NES into a different outlet so that computer and receiver are on different circuits.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful:

How to Identify and Resolve Radio-TV Interference Problems.
