ITEMS

TREASURE BOXES

You can find these boxes in several places on the map. They contain one of the following items:

PEC: This will revive PEC

1 UP: This will give to Ardy one more life.

STAR CHIP: This will give you 10 more stars. With 100 stars, you have 1 UP.

DRUG: This will transform Ardy. A second bottle of this drug will transform him back into his normal conditons.

OTHER AVAILABLE ITEMS:

Portable item. Can be used for various purposes, such as a step in order to reach high places, where Ardy cannot reach even with the high jumps with his tail.

BOMB

To be used to destroy floors or walls. You must set it very quickly, otherwise Ardy will be damaged by its explosion. Sometimes it can be found in a treasure box.

KEY

To be used to open locked doors.

MIRROR

To be used to reflect the deadly beams generated by some bosses.

Among these items, some give PEC a strange power. When PEC changes his color, shake him in order to check this power.

HINTS

- 1 Ardy can increase his tail-jumping power by puffing up PEC in the air.
- 2 The switch in the room where Ardy fights against Catry can also be pushed by PEC. Besides, Catry is always aiming at Ardy. So if you try to lure her before going to step on the switch, you can beat her easily!
- 3 You can also easily beat the scary big boss by using your **hiding power**. Try to invent your own attack method.
- 4 The ghost that appears from the lamp will not be damaged by any attack from Ardy, but he does have his weak point. What can you find in this room besides this ghost ?
- 5 Rocks will stop and throw back arrows, so don't forget to use them.
- 6 Ardy will land and stand on his tail if you keep the B button pressed continuously during his jump. Try this if you cannot make Ardy jump with his tail. But be careful, don't jump where Ardy may hurt his head!
- 7 The attacks of Visconty are really very dangerous. Though, if you observe him carefully, you will beable to foresee his next move!

Go, Ardy! Do your best for the peace of Prismland !
