The Legend Of The Gildiss

For over a hundred years he had descended like a vulture on the land of Malus and left nothing behind but a scorched ruin where the creatures of darkness could reign. After much pleading by the farmers and townspeople, the armies of Malus were gathered and sent to do battle with the mighty red dragon know as Gildiss. Not a single man returned.

In desperation, the King sought guidance from his wizard, Guindon. Guindon told the king that he could cast a spell that would put Gildiss to sleep for one year, but if and when Gildiss awoke from his slumber, he would be even more powerful. Looking out over the suffering that had befallen his kingdom, the King decided his people could take no more. And so he commanded Guindon to put Gildiss to sleep.

Now the year has almost come to an end and darkness has once again befallen the kingdom of Malus. In the last year, the King sent forth hundreds of knights to find and destroy Gildiss as he sleeps. None have been heard from again.

Now as the creatures of darkness stand ready to plunge the land of Malus into the abyss, a new band of adventures plans to set forth before Gildiss awakens.
