500 years ago, the shape-shifter Shang Tsung™ was banished from the Outworld to the Mother Realm (Earth) for his crimes. There, with the aid of his pupil Goro™, a hideous half-human dragon, he was to atone for his crimes by unbalancing the furies of the realm, allowing his master Shao Kahn™ and his minions to enter the dominion and rule forever.

He was defeated.

He returned to the Outworld a failure, facing execution at the hands of Shao Kahn™, supreme ruler of the Outworld, the Astral Planes of Shokan and the surrounding kingdoms. With the apparent demise of Goro™, his fate seemed sealed. But Tsung™ told Kahn™ of his plan for revenge, a plot so evil and twisted even Kahn™ was persuaded to grant him one final opportunity to redeem himself. He cleverly lured his adversaries to the bizarre Outworld where they would face a new challenge—a tournament hosted by Shao Kahn™ himself.

Today, the Tournament Begins... Again.
Let the Tournament Begin!

1. Make sure the power switch is OFF.
2. Insert your Mortal Kombat® II Game Pak as described in your Super Nintendo® Entertainment System manual.
3. Turn the power switch ON. When you see the Mortal Kombat® II title screen, press the START button to advance to the Options screen.
START begins a one-player battle for the title of Grand Champion. First, however, a fighter must be selected. The warrior selection screen has pictures of all the warriors available to a player. To select a warrior, move the colored frame onto a warrior using the CONTROL PAD ARROWS. When your choice is framed, press the A or B button to select him. To select a warrior randomly, leave the frame on the initial warrior (Liu Kang™ for Player 1, Reptile™ for Player 2) and press UP and the START BUTTON.

Should a second player desire to join the tournament, he may do so at any time by pressing his START BUTTON. This will then return both players to the “Choose Your Fighter” screen where they again must choose their warriors. Both players may choose the same warrior. When this happens, the two will be distinguished by color. The players will then battle one another with the winner continuing onward in the tournament, and the loser’s game ending.

If you wish to choose one of the various options within the OPTION MENU, press the D-PAD to the RIGHT and press START. The OPTION MENU will present you with the following options:

**MUSIC** allows you to turn the game music on or off.

**DIFFICULTY** allows you to choose whether the game will be Very Easy, Easy, Medium, Hard or Very Hard.

**HANDICAP** is a feature designed to let two players of different skill levels battle on an equal basis. You can increase or decrease your handicap by moving the D-PAD RIGHT OR LEFT. HANDICAP only works when in 2-player mode.

**BUTTON CONFIGURATION** allows you to select which buttons will operate which moves. To select a move, use the UP and DOWN CONTROL PAD ARROWS. To change the control, press the button you desire to use when the move is selected. Keep in mind that when you change one button, the move which originally used that button is also switched. To leave BUTTON CONFIGURATION, press the START BUTTON.

To exit the options screen and return to the main title screen, press the START BUTTON.
RULES OF THE OUTWORLD

While the kombatants in the original Shaolin Tournament for Martial Arts wagered their very lives upon their skills, in Shao Kahn’s™ Outworld tournament, they wager much more!!!
The Outworld tournament first tests a warrior's fighting skill by pitting him against each of the formidable Earth warriors. In all Mortal Kombat® II battles, meters in the upper-left and upper-right corners of the screen measure the health of the warriors.

The meters begin each round completely green, but each time a warrior is hit, an amount of red signifying the degree of injury is added to his meter. When a warrior's bar becomes completely red, he is knocked out and the round goes to his opponent. Should time run out before either kombatant is knocked out, the warrior with less injury is declared the victor. The first warrior to win two rounds takes the match and moves on to his next opponent.

NOTE: If five rounds pass without a match winner, both kombatants will be disqualified from the tournament.

Once a warrior has defeated the other kombatants in the tournament, he then takes on the first of his Outworld hosts, the demon Shang Tsung™. His youth restored by his master Shao Kahn™, Tsung™ possesses both powerful magic and considerable physical skill.

Should a warrior defeat Tsung™, his next opponent is the massive Kintaro™. Kintaro™ is of the same race of half-human dragons which spawned Goro™. Enraged at his comrade's death at the hands of a mere mortal, Kintaro™ sought entrance to the tournament to seek revenge. Shao Kahn™ granted him this privilege in exchange for his servitude.

Defeating Kintaro™ proves a warrior worthy of meeting Shao Kahn™, supreme ruler of the Outworld, in battle. Defeat him to end his rule and become the Supreme Warrior in the Outworld realm!
THE ART OF KOMBAT II:

THE BASIC DEFENSIVE MOVES:

The art of Kombat is as it has been for thousands of years. A wise warrior will begin his training with the art of defense. Far more valuable than learning how to inflict blows is learning how to avoid or deflect them, for an opponent who attacks is an opponent who is vulnerable to attack. Defensive lessons are as follows (based on default settings):

TO MOVE FORWARD OR BACK: Press the CONTROL PAD LEFT or RIGHT

TO BLOCK: Press the L or R BUTTON

TO Crouch: Press the CONTROL PAD DOWN

TO JUMP: Press the CONTROL PAD UP

TO FLIP FORWARD OR BACK: Press the CONTROL PAD UP + LEFT or RIGHT

THE BASIC OFFENSIVE MOVES:

Once defense has been mastered, a warrior can begin to learn the fundamental offensive moves — the punches and kicks. In combination with strong defensive tactics, these moves are enough to defeat most foes. The fundamental offensive moves are as follows:

TO PUNCH (LOW): Press the B BUTTON

TO PUNCH (HIGH): Press the Y BUTTON

TO KICK (LOW): Press the A BUTTON

TO KICK (HIGH): Press the X BUTTON
THE ADVANCED MOVES:
The advanced moves use the basic moves as building blocks to form powerful maneuvers. However, although they do more damage, they also are slower. The advanced moves are as follows:

TO UPPERCUT: Press CROUCH + HIGH PUNCH
TO FOOT SWEEP: Press AWAY + LOW KICK
TO ROUNDHOUSE: Press AWAY + HIGH KICK
TO EXECUTE A FLYING PUNCH: JUMP or FLIP + LOW or HIGH PUNCH
TO EXECUTE A FLYING KICK: JUMP or FLIP + LOW or HIGH KICK

SPECIAL MOVES:
While being a master of Kombat may be enough to win any Earth contest, winning a contest in the hostile Outworld requires more of a warrior. In preparation for this tournament, every warrior has perfected several special moves. These moves often draw upon spiritual or supernatural energies, extreme physical conditioning, or mutant abilities for their effectiveness, and can be especially potent, often devastating an opponent.

WARRIOR WISDOM:
♦ Patience is a warrior’s greatest ally. Wait for your opponent to attack, then counterattack him when he is most vulnerable.
♦ Timing is crucial to landing many moves. Practice often to learn timing secrets.
♦ With practice, a combination of moves can be learned which allow a warrior to hit his opponent several times before he has an opportunity to defend himself, making them an invaluable tool.
♦ Every warrior has different strengths and weaknesses in terms of speed and movement. Discovering these styles allows you to both use them better and kombat them better.
