Safety Precautions

Follow these suggestions to keep your Super Street Fighter II game pak in perfect operating condition.

1. DO NOT subject your Game Pak to extreme temperatures, either hot or cold. Always store it at room temperature.

2. DO NOT touch the terminal connectors on your Game Pak. Keep it clean and dust-free by always storing it in its protective plastic sleeve.

3. DO NOT try to disassemble your Game Pak.

4. DO NOT let your Game Pak come in contact with thinners, solvents, benzene, alcohol, or any other strong cleaning agents that can damage it.

Getting Started

1. Check the power switch on your Super Nintendo Entertainment System. Make sure it is OFF before inserting or removing the Game Pak.

2. Insert your Super Street Fighter II Game Pak into your Super Nintendo System and turn the power ON.

3. When the title screen appears, press the START button and the words GAME START will appear. Press LEFT or RIGHT on your control pad to set the TURBO speed setting. Three stars is the fastest Turbo mode, while zero stars indicate the normal arcade speed.

   After you have set the speed setting, press the START button.

4. The next screen is the main game selection screen. Here you can choose from:

   SUPER BATTLE
   VS. BATTLE
   GROUP BATTLE MODE
   TOURNAMENT BATTLE
   TIME CHALLENGE
   OPTION

   Use the control pad to move the marker next to SUPER BATTLE and press the START button.

   For a description of each of the other game modes, please refer to the descriptions printed later in this manual.
5. Once you begin the game, you will be asked to select your character. Press the control pad in any direction to highlight the character you wish to use and press any button.

6. To end the game at any time, simply turn the power OFF on your Super Nintendo System and eject your cartridge.

**Controlling Your Fighter**

**BASIC MOVEMENT**

The diagram below shows the eight basic control pad positions that are used in the game.

![Control Pad Diagram](image)

**IMPORTANT NOTE:**
The diagram shows the control pad positions for a player facing to the right. The controls are reversed when facing to the left.
PUNCH AND KICK BUTTONS

Each of the characters in *Super Street Fighter II* use three basic punches and three basic kicks. They are listed below:

**Light Punch (Jab)**
Press the Y button. *The jab is very quick, but does little damage.*

**Medium Punch (Strong)**
Press the X button. *The strong punch does a fair amount of damage.*

**Hard Punch (Fierce)**
Press the L button. *The fierce punch does a large amount of damage, but is slow.*

**Light Kick (Short)**
Press the B button. *The short kick is very quick, but does very little damage.*

**Medium Kick (Forward)**
Press the A button. *The forward kick is strong and is fairly quick.*

**Hard Kick (Hard)**
Press the R button. *This roundhouse kick is powerful, but very slow.*

**IMPORTANT NOTE:**
The button configuration can be changed by selecting the OPTION mode on the title screen or by holding down the SELECT button during the V.S. screen or after you finish a match. Please read *Using the Option Mode* for more information.
THROWS AND HOLDS

Each fighter is Super Street Fighter II has a number of different throws and holds. These throws and holds can only be done when the two fighters are within “Grabbing Range.” The Grabbing Range for each character is different, but most throws and holds are done when two fighter are right next to each other.

THROWS allow you to grab an opponent and toss them across the room. Some fighters can even do throws in mid-air.

For Example: It is possible for Ryu to grab Ken and throw him over his shoulder. To do the Shoulder Throw, Ryu must push forward against Ken and then you must push the Hard Punch (Fierce) button on your control pad.

HOLDS allow you to grab an opponent and then hit or bite them again and again.

For Example: It is possible for Blanka to bite Guile on the head. To do the Head Bite, Blanka must push forward against Guile and then you must push the Hard Punch (Fierce) button on your control pad.

Practice with your favorite character to discover which throws or holds they have and how to use them to your advantage.

HOW TO DO SPECIAL MOVES

Each character has developed his or her own special moves for use in combat. All the special moves for each character are listed in The New Warriors section of this manual. There are also descriptions telling you how to do these special moves.

Special Moves are very hard to learn, it may take weeks before you can do them every time. Keep practicing them until you get them right!

Below is an example of the diagram for Chun Li’s Kioken Fireball. The arrows in the diagram indicate the necessary movements on the control pad. Please refer to the movement diagram on page * if you are unsure of what the arrows mean.

For Example: Chun Li’s Kioken Fireball. Using the control pad, press ← and hold it for 2 seconds. Then simultaneously press → and push any punch button.

Using the control pad, press (back defense) and hold it for 2 seconds. Then simultaneously press (forward) and push any punch button.
The Tournament of Champions

The challenge has been issued and four brave young fighters have answered the call. Cammy, Fei Long, Dee Jay and T. Hawk all have their own reasons for entering the tournament and each will let nobody stand in their way!

Choose SUPER BATTLE on the main game selection screen and you will be able to select your character for the tournament. As the tournament begins, your fighter will travel the globe to meet one of the sixteen other fighters.

When the match begins, you must use all of your fighting skills to defeat your opponent. Each time you hit, kick or throw your opponent, his energy meter will decrease. Once his energy meter is totally red, he’ll be knocked out and you will be declared the winner. Win two out of three rounds and you earn the right to face the next challenger on your way to your face the awesome might of M. Bison!

The Super Battle Mode

In the SUPER BATTLE mode, you will choose a fighter and attempt to defeat all the other challengers to earn the right to face M. Bison and the other Grand Masters. If you succeed, you will see a story ending for your character which will complete his or her quest for the championship.

The SUPER BATTLE Mode does allow a second player to join in and fight against you at any time. The second player must hit the START button on their controller and after a moment the game will return to the character selection screen and allow the player to choose his character.
The V.S. Battle Mode

The V.S. Battle allows two players to battle head-to-head in a series of matches. When the title screen appears, push the control pad UP or DOWN to move the pointer next to V.S. BATTLE and press the START button. When the next screen appears, each player chooses the character they wish to use and presses any button to continue to the next screen.

On the next screen, there are two options: HANDICAP and STAGE SELECT. Player One can press the SELECT button to highlight either the HANDICAP or STAGE SELECT option.

HANDICAP

When the HANDICAP option is highlighted, both players can press left or right on the control pad to set their ATTACK LEVEL. The number of stars showing determines the amount of damage player’s punches and kicks will do. The higher the number of stars, the greater the amount of damage the punches and kicks will do.

This option allows two players of different skill levels to have an even match.

STAGE SELECT

When the STAGE SELECT option is highlighted, Player One can select the location of the match by pressing the control pad left or right. This option allows you to select the location of your fight.

After all the choices have been made, Player One can begin the match by pressing the START button.
The Group Battle Mode

The Group Battle mode allows two players to have the Street Fighter characters team up against each other in a series of fights. Choose the GROUP BATTLE option on the main screen and press the START button. When the rule screen appears, Press the control pad up or down to select the tournament rules you are going to use and press the START button.

MATCH PLAY
In this mode, two players must select the same number of characters. Each player selects one to eight characters and then begins a match in which the first character from one player’s team battles the first character from the other player’s team. After the match is finished, the second character from each team will battle each other. This will continue until all the matches have been completed.

ELIMINATION
In this mode each player chooses up to eight characters. (Players do not need to choose the same number of characters.) If a player wins a match he can continue to use the character until he is defeated. The first player to lose all his characters, loses the match.

On the next screen players will select the number of characters they will use. (If you are playing an elimination match, each player will set their own number of characters.) Press the control pad up or down to increase or decrease the number of characters. After you finished, press the START button to proceed to the next screen.

When the next screen appears, both players can select their characters using their control pads. Player 1 will select a character first and then Player 2. Use the control pad to highlight a character and press any button to make the selection.

After both players have chosen all their characters, the HANDICAP and STAGE SELECT screen will automatically appear. Use the control pad to make your selections just as in the V.S. BATTLE mode and press the START button to begin the tournament.
The Tournament Battle Mode

In the TOURNAMENT BATTLE, up to eight players can compete for the Street Fighter Championship. After you select TOURNAMENT BATTLE from the main screen, the first player can select his character. After this has been done, the second player can choose his character. When everyone has selected their character, highlight END and press the START button.

(If you don’t have eight people to play with, the computer will automatically pick other fighters and control them in battle against you.)

When the tournament begins, each player will be assigned a preliminary match. Before each match, you will be able to select the attack level of your character, just as in the VS. Mode. After you have done this, press START and the match will begin.

Each match is only 1 round. If you lose, you will fight the losers of the other matches to decide your final ranking. If you win, you will advance to the semi-finals and be one step closer to the championship.

The Time Challenge Mode

The TIME CHALLENGE tests your speed and quickness as you try to knock out a computer opponent in the fastest time possible. After you select TIME CHALLENGE, you will need to choose your character and press the START button. After you have selected your character, choose the 2P character for the computer to control and press the START button.

When the battle begins, you have 1 Round to knock out your opponent as quickly as possible. If you succeed in breaking the CAPCOM records, you will earn the right to enter your initials as one of the greatest street fighters in the world!
The Option Mode

The Option Mode allows you to change certain aspects of the game. When the title screen appears, push the control pad UP or DOWN to move the marker next to OPTION and press the START button. When the next screen appears, push the control pad UP or DOWN to highlight the option you wish to change.

DIFFICULTY This option changes the difficulty of the computer opponent. Push the control pad left or right to highlight the number of stars. The more stars you highlight, the more difficult the opponents will be to defeat.

TIME LIMIT This option allows you to turn on or off the Time Limit. Push the control pad left or right to highlight either YES or NO. If you select YES, the fighters will have 99 seconds to knock each other out. If you select NO, the fight will continue until one player is knocked out.

CONFIGURE This option allows you to change the button configuration for your fighter's punches and kicks. Highlight the punch or kick you wish to change and then press the button you wish to use for that punch or kick.

If you are using a CAPCOM FIGHTER POWER STICK, simply highlight SET and press any button. The game will automatically configure the buttons to the optimum configuration.

STEREO This option allows you to switch between STEREO or MONOURAL sound. Press the control pad left or right to highlight your choice.

To leave the OPTION MODE with your new settings, simply press the START button on your control pad.

REPAIRS AFTER EXPIRATION OF WARRANTY:
If the PAK develops a problem after the 90-day warranty period, you may contact the Capcom Consumer Service Department at the phone number noted previously. If the Capcom service technician is unable to solve the problem by phone, he may provide you with a Return Authorization number. You may then record this number on the outside packaging of the Defective PAK and return the defective PAK freight prepaid to Capcom, enclosing a check or money order for $15.00 payable to CAPCOM U.S.A., Inc. Capcom will at its option, subject to the conditions above, repair the PAK or replace it with a new or repaired PAK. If replacement PAKS are not available, the defective PAK will be returned and the $15.00 payment refunded.

WARRANTY LIMITATIONS:
ANY APPLICABLE IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY LIMITED TO NINETY DAYS FROM THE DATE OF PURCHASE AND ARE SUBJECT TO THE CONDITIONS SET FORTH HEREIN. IN NO EVENT SHALL CAPCOM BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES.

The provisions of this warranty are valid in the United States only. Some states do not allow limitations on how long an implied warranty lasts or exclusions of consequential or incidental damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.
