USING YOUR WEAPONS:

GUNS:

You will be automatically armed with a hand gun. If you pick up any other weapon, your handgun will be holstered and that new weapon will be your mode of attack until it runs out of ammunition. At that time you will revert back to your handgun.

HAND GRENADES:

There are two types of grenade icons, Hand Grenades and Flame Grenades. Picking up a Hand Grenade icon will give you five grenades. Picking up a Flame Grenade icon gives you three grenades. You can use them at your discretion but they cannot be stockpiled together. If you have one type of Grenade in your possession and pick up another, all of your grenades become that type. Your hand grenades are displayed in the lower left corner of the screen above the health meter.

LOS ANGELES POLICE DEPARTMENT

PRE-MISSION BRIEFING REPORT

DATE: 8-21-96

TO: OFFICER JOHN SPARTAN

RE: THE APPREHENSION OF SIMON PHOENIX

MISSION NAME: THE ROOFTOPS

SUMMARY:

Simon Phoenix is wanted by the Los Angeles Police Department for charges connecting him to several felonies throughout the city and surrounding areas. The charges include murder, aggravated murder, attempted murder, assault, assault with a deadly weapon, grand theft, theft and kidnapping.

It is well known, and all Los Angeles Police Department Personnel have been advised, that Phoenix is currently armed and considered extremely dangerous. Phoenix is heavily supported by a vast underground of weapons and stolen equipment suppliers.

Through working alone or with other law enforcement agencies, previous attempts to apprehend Phoenix have not been successful. These attempts have resulted in the loss of civilian and departmental property. Many officers and civilians have suffered great bodily harm or loss of life as a result of Phoenix's resistance to arrest. For this reason alone, the department is especially interested in bringing Phoenix to justice.

MISSION OBJECTIVE:

You will be transported via helicopter to the rooftop of an abandoned warehouse where Simon Phoenix and his supporters are believed to be headquartered.

It is believed that Phoenix, as in previous encounters, is heavily armed and supported by personnel and equipment, including weapons.

Once you disembark from the helicopter, you will be on your own. Due to the surface-to-air firepower directed at the copter, we can offer no firepower support during your mission.

It is your mission to get across the rooftops and into the building. Once inside, find Phoenix and bring him out alive. We believe that the thirty innocent civilian hostages Phoenix captured earlier today are still alive somewhere in the building. Take extreme caution when confronting Phoenix so as not to jeopardize the civilian hostages.

DISCIPLINARY WARNING:

Even though you are considered the most qualified officer for this position, consider this official and fair warning. You are officially on departmental probation for previous recklessness resulting in damage to civilian property and personal health. While your passion to bring offenders to justice is admirable, it cannot be at the expense of taxpayer property or well-being. Although we wish to see Phoenix captured and brought to justice, use only appropriate force to avoid further disciplinary action!

**RE: THE APPREHENSION OF CRYO PRISONER
SIMON PHOENIX.**

MISSION NAME: THE MUSEUM

SUMMARY:

Ex-Officer John Spartan, you have been released from your cryo-synthesis incarceration unit after serving only thirty-six years of your seventy year sentence for reckless endangerment of human life.

You have been released for departmental business only. This is not a parole or termination of sentence release.

Thirty-six years ago you were involved in the apprehension of one Simon Phoenix from a warehouse in the municipality that was then named Los Angeles.

Earlier this morning, during a routine parole hearing, Simon Phoenix escaped the California Cryo-Prison Facility. In the process he performed four code 187's-MDK: Murder-Death-Kills. You have been brought out of your cryo-state to assist and advise the San Angeles Police Department on methods of recapturing Simon Phoenix.

MISSION OBJECTIVE:

It is believed that Phoenix will be heading to the COUNTY MUSEUM OF HUMAN HISTORY. Currently the museum has an exhibit titled THE HALL OF VIOLENCE. This exhibit contains a vast array of weapons from three centuries. We believe Phoenix's main objective will be to obtain as many weapons as possible.

Stop Phoenix from robbing the museum and bring him back in for incarceration.

SAN ANGELES POLICE DEPARTMENT

ADDENDUM TO PRE-MISSION BRIEFING REPORT

The following addendum has been added by the San Angeles Police Department's main computer observation and control system monitoring all police and civilian activity in the San Angeles area.

RE: *APPREHENSION OF SIMON PHOENIX*

MISSION NAME: THE SUB-MUSEUM

SUMMARY:

The pursuit of Simon Phoenix is no longer confined to the HALL OF VIOLENCE in the County Museum of Human History. During the Confrontation, the glass flooring was demolished, dropping Spartan and Phoenix below into the SUB-MUSEUM excavation exhibit. For purposes of clarity in tracking Spartan and Phoenix, this portion of the mission is now named THE SUB-MUSEUM.

MISSION OBJECTIVE:

The objective of the mission has not changed. Capture Simon Phoenix and return him to the cryo-prison.

SIMON PHOENIX.

MISSION NAME: THE PARKING STRUCTURE

SUMMARY:

Several convicts have escaped from the California Cryo Penitentiary and Rehabilitation facility. They are currently at large within the city limits. San Angeles City surveillance system reports that several escaped cryo-cons have invaded city owned parking facility #425 East Summit Street. Massive destruction to city and civilian property has been reported.

MISSION OBJECTIVE:

Enter the parking structure at the ground level and eliminate the cryo-cons damaging cars and the structure.

Make your way to the top level of the structure and stop the crane which is picking up cars and dropping them on Spartan.

San Angeles Public Monorail Transport Train #425 has been taken over by cryo-cons. The train operator is missing and presumed dead. The train is being operated by one of the cryo-cons.

MISSION OBJECTIVE:

You will begin your mission at the rear of the moving train. You must battle your way to the front car of the train and bring it to a halt. Eliminate all cryo-cons in the train. Make your way to the front and destroy the monorail's engine.

MISSION NAME: THE LIBRARY

SUMMARY:

Many of the cons have been sighted at the San Angeles County Library. Reports of violence, destruction to city and personal property, assault and bodily harm to civilian and police department personnel have been reported.

MISSION OBJECTIVE:

You must enter the library and stop the cryo-cons from doing further destruction.

Do not let harm come to any civilians inside the building.

Make your way through all the rooms of the library and eliminate all of the escaped cryo-cons inside the building.

**RE: THE APPREHENSION OF CRYO-PRISONER

MISSION NAME: ZIP LINE

SUMMARY:

The city's Resident Observation and Surveillance System has detected an opening in one of the access ports to the abandoned maintenance and utility tunnels. This access way leads to the under city commonly known as The Wasteland. This is the last recorded sighting of Simon Phoenix.

MISSION OBJECTIVE:

It is your mission to ride zip lines, traverse catwalks, and bungee jump your way downward to the floor of The Wasteland. It is known that several escaped cryo-cons, loyal to Phoenix, are posted in the zip line level to stand guard.

Make your way to the bottom of the zip line level, eliminating as many cryo-cons as possible.

SAN ANGELES POLICE DEPARTMENT

ADDENDUM TO PRE-MISSION BRIEFING REPORT

DATE: 8-03-2032

**RE: THE APPREHENSION OF CRYO-PRISONER
SIMON PHOENIX.**

MISSION NAME: THE WASTELAND

SUMMARY:

San Angeles Police Department officer John Spartan has successfully completed Mission Zip Line. This addendum has been made as a matter of record-keeping by the San Angeles Police and Personnel Computerized Records and Observation System.

The pursuit of Phoenix has extended from the previous mission sight onto the catwalks above The Wasteland.

MISSION OBJECTIVE:

The Catwalks are walkways suspended above The Wasteland. They are very old and treacherous to walk on. They form a maze like grid over the entire Wasteland. It is believed that there are many cryo-cons stationed on the catwalks to guard Phoenix.

Traverse the catwalks and eliminate the cryo-cons to track Phoenix.

Although it is considered highly dangerous, due to the maze-like structure of the catwalks, you may find your mission objective quicker if you jump from catwalk to catwalk. But be forewarned: take extreme caution when exercising this maneuver!

**RE: THE APPREHENSION OF CRYO-PRISONER

MISSION NAME: PIPE MAZE

SUMMARY:

This addendum has been made to the Spartan/Phoenix file as a matter of record. The City's Personnel Observation and Control System has detected that Spartan's pursuit of cryo-prisoner Simon Phoenix has left the previous mission area of the catwalks.

MISSION OBJECTIVE:

Pursue Simon Phoenix through the abandoned maintenance tunnels of San Angeles. There are several cryo-cons stationed in the tunnels to protect Phoenix.

Work your way through the maze of tunnels beneath the city and apprehend Phoenix.

RE: THE APPREHENSION OF CRYO-PRISONER
SIMON PHOENIX.

MISSION NAME: THE CRYO-PRISON

SUMMARY:

The city's Observe and Control Surveillance System has detected a forceful entry into the California Cryo Incarceration Facility. Visual surveillance indicated that Simon Phoenix has entered the facility and is releasing other cryo-cons from their state of suspended animation.

MISSION OBJECTIVE:

The cryo-facility is made up of several chambers and hallways. Probability is high that you will come head to head with many of the cryo-cons that Phoenix has released.

Fight your way through the halls of the cryo-prison and find Phoenix. Due to the tremendous amount of damage and loss of life in previous missions, this is a fight to the death. You are to stop Phoenix at all costs.
