ROBOCOP™ Goes Renegade!

OCP is sending in Rehab Officers to clear the streets of Old Detroit, making way for the construction of Delta City. When ROBOCOP sees helpless families forced out of their homes as the bulldozers move in, he joins the resistance movement to battle the Rehabs!

Armed with a new multi-weapon arm attachment containing a large-bore cannon and a smart bomb, plus a gyropack for airborne assault capability, ROBOCOP faces a battalion of ED-209s, tanks, heavy artillery and a new adversary, OTOMO. The odds seem impossible, but remember—you're ROBOCOP!

You control ROBOCOP through the streets of Detroit, battling against the evil Splatterpunks by shooting at them with the various weapons which may be collected along the way.

On the streets of downtown Detroit, ROBOCOP dons a powerful jetpack and flies along avoiding the shells from the heavily-armored tanks he has set out to destroy. Not only must he contend with this, but also the airborne Rehabilitation Cops (known as Rehabs), who are trying to vanquish their mechanical foe.

ROBOCOP makes his way towards an abandoned church, which has been taken over by Rehabs. They have been employed by OCP to remove any civilians resisting eviction, and to combat the rebels by evil means. ROBOCOP must confront the Rehabs to protect the innocent. He must then make his escape through the crumbling sewers, and face the deadly Ninja Robot, Otomo. Beware – the route to the sewers is blocked, and ROBOCOP must find a means of entry!

ROBOCOP once again dons his jetpack and flies along the streets of Cadillac Heights, avoiding deadly missiles and assailants blocking his way.

With the fuel in the jetpack running low, ROBOCOP descends towards the OCP tower to rescue his friends Nikko and Marie Lazarus. On entering the building, he encounters not one, but two Ninja Robots guarding his friends. Having defeated them, a chain reaction is initiated, causing explosions which destroy most of the building.
