THE LEGEND OF PITFALL

Many years ago there was a daring adventurer who traveled the world in search of ancient legends and lost treasures. His journeys took him across the seven seas and to the ends of the earth. He ventured into vast uncharted regions filled with unthinkable dangers. As word of his exploits filtered back to civilization, he soon became larger than life... a legend. This great explorer was Pitfall Harry.

After many successful quests, Harry settled down to raise his son, Harry Junior. Having inherited his father's love of the unknown, Harry Jr. grew up to become a hip 18-year-old with a deep sense of adventure — and a bit of an attitude. He quickly learned the thrill of exploration and discovery and soon experienced many exciting quests of his own.

Hearing of his son's thrilling escapades, Pitfall Harry realized how much he longed for the life he once knew. So together the daring duo set off for the jungles of Central America in search of the lost treasures of the Mayans.

But something went terribly wrong...

Day 3 — The Mayan Adventure

After days of traveling through the jungle, Harry Jr. and I have finally reached the heart of the ancient Mayan Empire. It's been a long journey, but the real danger lies ahead...

For we are close to discovering the lost treasure of Uaxactun.

According to legend, the treasure is guarded by the spirit of an ancient Mayan warrior — Zakelua: Lord of Evil. Thousands of years ago, Zakelua attempted to conquer the Mayan lands so he could rule the Empire. After many battles, he was finally defeated, never to be seen again...

I have recorded my research on Mayan culture and legend in the following pages. If something should happen to me, it is my hope that Harry Jr. take my personal log and use it as a guide to continue our quest. I only hope that it will be enough help — if ever it must be used...

P.H.

WELCOME TO THE JUNGLE

Pitfall Harry has been taken captive by the dreaded warrior spirit Zakelua: Lord of Evil. Armed with only a trusty sling and his father's journal, young Harry Jr. must now venture into the unknown to rescue his father... before it's too late!

But the odds are already against you — so pick up as many **Sling Stones** as you can find. You'll need them!

MAYAN ARTIFACTS

Day 7 — Mayan Artifacts

There are several artifacts that Harry Jr. and I hope to find during our journey. Many Mayans believed these ancient idols and relics were created and sent to earth by Itzamna — the Mayan God of Knowledge.

Time Keeper — According to legend, this powerful artifact temporarily freezes time after being touched.

Mayan Chili Pepper —

Said to endow the beholder with super-human strength, causing temporary increase in running and jumping abilities.

Sacred Heart — A spiritual beating heart that restores a portion of lost health to its finder.

Location Idol — Used by Mayan travelers to mark their location. Holds magical properties that point traveler in general direction of desired path. Allows traveler to return to marked point after traveler is unable to continue journey.

Golden Idol — Rare Mayan artifact with the power to bestow its finder with a second attempt at continuing journey.

Treasure Pieces — It is reported that pieces of Mayan treasures: gold coins, silver and gold bars, diamond rings... are hidden throughout the Empire.

P.H.

MAYAN FOES

Day 9 — Mayan Foes

There exists very little information on Mayan foes...for all who have witnessed any evil doings have mysteriously disappeared. Therefore, I have only been able to compile a partial record on enemies.

Skeletons—At one time were soldiers in Zakelua's army. Groups have been recently spotted near Copan.

Spirits of Chaac—Were at one time followers of Chaac—the Mayan God of war and Sacrifice. It is said that these spirits have a strong command of fire.

Jaguar—This sleek, powerful animal was a favorite pet of Zakelua and served as his personal bodyguard.

Recent sightings include the nearby jungles.

Hawks — Served as messengers for Zakelua during wartime. Have been spotted in Tikal and areas near water.

Gargoyles — According to legend, many of the ancient Mayan ruins are guarded by stone gargoyles that come to life when approached.

Snakes — Favorites of Zakelua. These creatures are common throughout Mayan lands... and can be very dangerous.

Vapor Ghost — Reportedly a product of Zakelua's sorcery — created to ward off anyone who has sights on the lost treasure of Vaxactun.

There have also been sightings of Zakelua, though no one has been able to document his appearance. And some believe that Zakelua himself, using ancient Mayan sorcery, wields control over the creatures that inhabit the Mayan Empire.

THE LOST CIVILIZATION OF THE MAYANS

Day 12 — A Lost Civilization

The Mayan civilization flourished for nearly four-thousand years throughout what is now Mexico and Central America. Although many Mayan sites have been discovered, little is known of their day-to-day activities. What is known is that they built elaborate cities and temples without aid from the wheel, metal tools or animals. Long has there been talk of ghosts and evil spirits roaming through the ruined cities and forests of the lost Mayan Empire. It is this civilization of mystery and magic that I long to explore.

P.H.

MAYAN LANDS

Day 13 — Mayan Lands

Harry Jr. and I have traveled for days in search of the lost treasure. Although it's been a long and tough expedition, it is far from over. The road ahead is full of danger.

Jungle of Ceiba — An ancient and mysterious place uninhabited since the 1400's.

Danger lurks from all around on this maze-like path. Should be able to use surrounding elements to navigate.

Tazamul Mines — Lost for centuries, this series of treacherous caverns is believed

to be inhabited by deadly creatures and filled with hazardous barriers. Could possibly use

abandoned mine car as transportation.

Xibalba Falls —

Named after the demons believed to exist throughout

the Mayan civilization. Only the skillful can travel this dangerous path without plummeting into the raging water below. Must be careful!

Lost City of Copan —

Located in the heart of the ancient Mayan Empire,

this 2000-year-old, decaying exterior is loaded with deadly traps and even

deadlier enemies.

Copan Temple — All who have entered this mysterious labyrinth have never returned.

P.H.

Day 14 — The Adventure Continues

Should Harry Jr. and I actually survive the journey through the known Mayan territory, we will need all remaining luck to continue the expedition... Ahead lies a long road...

Lakamul Rain Forest
Yaxchilan Lagoon
Balankanche Mine
Tikal Ruins
Tikal Temple

P.H.

BONUS WORLDS

Hidden throughout the game are bonus worlds that could yield you great rewards... if you're skilled enough.

Loltun Secret Vault

You will enter a room with three levers on a wall: A, B and C. Directly above each lever is a light that will flash in random order, creating a pattern. Repeat this pattern by pressing **A**, **B** or **C** on your Control Pad. If you successfully repeat all the patterns, the vault will open and you will be rewarded!

A Trip Back

Hidden somewhere in the game is a magical time warp created by the evil Zakelua. This warp will transport Harry Jr. back to a primitive time... A time which may bring back a few memories. The rules are simple: you have 20 minutes to collect all goodies... or else. Here's a hint — watch out for the scorpions!

STRATEGY TIPS

- Collect as many **Treasure Pieces** as you can. Every fifty points earns you a continue.
- Use the **Super Shot** to help defeat deadly enemies or blast through nasty web blockades.
- Try to be down hill from your enemies when fighting.
- Be sure to use **Mayan Artifacts** and **Mayan Weapons** wisely. These Mayan goods only give you a limited amount of time and/or uses.
- Remember to grab the **Mayan Boomerang** after each use... or it will disappear.
- Try using abandoned mine cars or other items as platforms.
- You can do more than just stand on top of tree stumps.
- Don't be afraid to venture around each world — you may find hidden surprises.
- Keep moving while above the jumping crocodiles.
