Crush Dr. Robotnik!

Dr. Ivo Robotnik, the mad scientist, is snatching innocent animals and turning them into evil robots! Only one tough dude can put an end to the demented scientist's fiendish scheme. It's Sonic, the real cool hedgehog with the spiked haircut and power sneakers that give him super speed.

Help Sonic fight hordes of metal maniacs and do the loop with the Super Sonic Spin Attack. Speed down twisting tunnels and swing over dangerous booby traps. Leap across lava pits and dodge burning rocks. Then splash through the chilling waters in an underground cavern. And if you're lucky, you can warp to the secret zone where you spin around in a floating maze! Your greatest challenge lurks in a secret lab where you come face to face with Dr. Robotnik himself!

Spin through space, loop 'til you're dizzy, save the animals and become the super hero. Be Sonic! Be atomic!

Reach for the Rings!

As Sonic, you must evade traps and dodge crazed robots as you dash through six hazardous zones using your Super Sonic Spin Attack. Your goal is to rescue your friends from the nasty grasp of the demented scientist, Dr. Robotnik!

Staying alive will be tough, but you can grab Rings along the way. As long as you have Rings, you won't be hurt when you get attacked or touch an enemy. (But you will lose all your Rings.) If an enemy attacks

when you don't have any Rings and are not using the Super Sonic Spin Attack, you will lose one chance to complete the game. (Even if you are using the Super Sonic Spin Attack, you'll lose one chance if something smashes you.)

You can keep track of the Rings you have, the chances you have left, and your score by looking at the counters on the screen.

1. Your present score.
2. Timer: It shows how much time has elapsed since you started the Act. You have ten minutes to clear each Act. If you go over ten minutes, a "TIME OVER" message will appear and you will lose one chance to complete the game. (The time is based on Game time and not on actual time.)
3. The number of Rings you have. When this number reaches zero, it will start flashing.
4. The number of chances Sonic has to get through the Act.

Lampposts

You'll come across Lampposts in every Zone. Your present score and time will be recorded if you touch the Lamppost. If you die, you will continue the game from the Lamppost you touched. You will lose all your Rings, but you will start the game with the score and time that was recorded.

Items for Survival

Smash open video monitors with the Super Sonic Spin Attack to get special items that help you defeat evil Dr. Robotnik!

Super Ring: Picking this up earns you ten Rings.

Shield: This prevents you from losing your Rings when you get attacked. Even if you don't have any Rings, you won't be hurt. (But it won't protect you from other obstacles.)

Power Sneakers: These sneakers make you run faster.

One-Up: This gives you one extra chance to complete the game.

Note: Picking up 100 Rings also earns you an extra chance.

Invincible: This temporarily keeps you safe when attacked by an enemy. (But it won't protect you from other obstacles.)

Zip Through the Zones!

There are six action-packed zones, each with three exciting Acts. You'll square off against Dr. Robotnik at the end of every third Act.

1. Green Hill Zone
Go around the giant loop, tumble down tunnels, and jump over crumbling cliffs before you get a chance to blink. Bounce on Springboards but not on spikes. Ouch!

2. Marble Zone
Leap across pools of red-hot lava and shifting islands. Then find the way to the underground palace where massive weights and flying balls of fire block your path.

3. Spring Yard Zone
Jump from springs and bounce off bumpers as if you're in a real pinball machine.

4. Labyrinth Zone
Explore an intricate maze filled with water. A countdown begins to let you know when you are running out of oxygen. Breathing in air bubbles keeps you from drowning.

5. Star Light Zone
Speed through the stars like a roller coaster in a world that twists like a corkscrew.

6. Scrap Brain Zone
Slippery metal floors, razor-sharp saws and grinding wheels – now you're one step away from Dr. Robotnik's hideout!

Secret Zone

If you collect a certain amount of Rings, you can warp to the Secret Zone where you'll ricochet off multi-colored blocks in a 360° rotating maze! There are six Secret Zones. In each Zone, your goal is to touch the Chaos Emerald.

Use the Super Sonic Spin Attack to bounce off different types of blocks. The Secret Zone is really a trap. You can only escape if you do either one of these things.

- Touch the Chaos Emerald.
- Touch the Goal.

Blocks in the Secret Zone

Bumper: Bounce off these.

Reverse: When you touch this, the maze will rotate the opposite way.

Goal: This is the end of this zone. Touch this to return to the previous zone.

1 Up: Touch this for an extra chance to complete the game.

Jump Stand: Jump off these.

Up: When you touch this, the maze will rotate faster.

Down: When you touch this, the maze will rotate slower.

Chaos Emeralds: These come in six different colors: yellow, pink, blue, green, red and white. You'll find one in each Secret Zone. Collect all six of these!

Game Over

You have three chances to complete the game. If you lose all three chances, the game ends.

Continue

If Sonic is lucky enough to obtain a Continue, the Continue screen will appear after Sonic loses his last life. On this screen, press the Start Button before the timer expires to continue where Sonic lost his last life.
