

## LOADING APPLE JAM

The procedure for loading a program into your Spectrum is given on page 24 of the manual. Please follow these steps for loading APPLE JAM

1. Connect the ear socket of the computer to the ear socket of your tape recorder
2. Set the volume control as per Sinclair manual
3. Adjust the tone control to maximum
4. Type Load ""
5. Start the tape recorder. The program will AUTO RUN once loaded

© Copyright 1983 dk'tronics

This cassette contains two copies of this program, one on each side. If you have any loading problems or if one of the copies gets damaged, then use the other copy. Before loading any program please ensure that the heads of your cassette deck are clean and demagnetised.

## APPLE JAM: 16K SPECTRUM

Please read these INSTRUCTIONS carefully. Your life depends on it!

Eat as much jam as you can and as many apples as you can without getting too fat, otherwise you'll have a fit and lose one of your pills; but you haven't got many so jump into the sauna to slimm off, but while you're in there the tiny rat will eat the jam and the apples you miss and get big and bold and come up to bite you dead, but you can jump into the lift to go up and down. So if your timing is right you can squash the rat and get on with eating to increase your score to release rat bait to keep the rat tiny, but beware the hornet zooming past (to be avoided at all costs) by jumping into the sauna, otherwise it will sting you dead and the ambulance will come to take you away.  
And the best of luck!
