

## BALLBREAKER II

=====

Ballbreaker is a State of the Art coin-op quality arcade game. The original Ballbreaker represented a new concept in fast action 3D game-play and was well received by the critics. We invited three famous software personalities to join the Zen Room team and create a celebrity hit.

They have done, to create Ballbreaker II. The designers are Ian Andrews, creator of Driller and C.A.G to name but two hits.

Jez Sands, author of the awesome best seller Starglider.

Simon Rockman, dynamic Editor of Amstrad User and games connoisseur extraordinaire.

The Zen Room, CRL's development facility and creator of Tau Ceti, Rocky Horror Show an Academy to name but a few, have combined together to make Ballbreaker II a dramatic 25 screen sequel to one of the most exciting new games yet devised.
