LOADING

Position the cassette in your tape recorder with the printed side upwards and make sure that it is rewound to the beginning. Ensure that the connection lead goes from the EAR socket on the recorder to the EAR socket on the Spectrum and that the MIC socket is disconnected. TYPE LOAD "" <ENTER>. (Note there is no space between the two quotes). The " is obtained by pressing the SYMBOL SHIFT and P KEY simultaneously. For further instructions consult your manual. PRESS PLAY on the recorder. The screen message should appear and the game will load automatically. If this does not happen adjust the volume and tone controls until loading takes place. When loaded follow screen instructions.

PLAYING

You must collect all the bags of gold and place them in your wheelbarrow before the time runs out. Each bag gives you more time and raises your score but beware the outlaws are after you – and the gold. Jump onto the trucks (by hanging on the hooks) or escape via the ladders and lifts, but watch out for the mine shafts; deep and deadly!
