## Loading the program – Spectrum

You will find the procedure for loading a program in the Spectrum basic manual, chapter 20. The procedure for loading Glass is given below:

**Type LOAD ""**

**Press ENTER**

**Please note, custom loader does not display normal border.**

## Game Play

### **Combat-ready star-fighter pilots are needed urgently.**

The enemy have built three cities. This simulator takes you through a series of screens. Destroy the outer radar defences, smash the pseudo-conscious Metalliks, but keep your shields up. If your shields collapse you can continue in the game, but with zero score, by pressing C. Fly the plains of Glass and reach the cities. Your score will decide your crew status level. There are 14 levels of excellence to pass through. Your current standing will be displayed at the end of each mission.

### **Can you make Game Lord status?**

## Game Controls

**Joystick:** Kempston or Sinclair

**Keyboard:** Left - O, Right - P, Up - Q, Down - A, Fire - any key on the bottom row.
