AFRICA**™

PRECAUTIONS

This disc contains software for the PSP™ (PlayStation®Portable) system. Never use this disc on any other system, as it could damage it. Read the PSP™ system Instruction Manual carefully to ensure correct usage. Do not leave the disc near heat sources or in direct sunlight or excessive moisture. Do not use cracked or deformed discs or discs that have been repaired with adhesives as this could lead to malfunction.

Push down one side of the disc as shown and gently pull upwards to remove it. Using excess force to remove the disc may result in damage.

Place the disc as shown, gently pressing downwards until it clicks into place. Storing the disc incorrectly may result in damage.

HEALTH WARNING

Always play in a well lit environment. Take regular breaks, 15 minutes every hour. Discontinue playing if you experience dizziness, nausea, fatigue or have a headache. Some individuals are sensitive to flashing or flickering lights or geometric shapes and patterns, may have an undetected epileptic condition and may experience epileptic seizures when watching television or playing videogames. Consult your doctor before playing videogames if you have an epileptic condition and immediately should you experience any of the following symptoms whilst playing: altered vision, muscle twitching, other involuntary movement, loss of awareness, confusion and/or convulsions.

PIRACY

The PSP™ system and this disc contain technical protection mechanisms designed to prevent the unauthorised reproduction of the copyright works present on the disc. The unauthorised use of registered trademarks or the unauthorised reproduction of copyright works by circumventing these mechanisms or otherwise is prohibited by law.

If you have any information about pirate product or methods used to circumvent our technical protection measures please email anti-piracy@eu.playstation.com or call your local Customer Service number given at the back of this manual.

PAN EUROPEAN GAMES INFORMATION (PEGI) AGE RATING SYSTEM

The PEGI age rating system protects minors from games unsuitable for their particular age group. PLEASE NOTE: it is not a guide to gaming difficulty. For further information visit www.pegi.info.

Comprising three parts, PEGI allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. The first part is an age rating:-

The second part of the rating may consist of one or more descriptors indicating the type of content in the game. Depending on the game, there may be a number of such descriptors. The age rating of the game reflects the intensity of this content. The descriptors are:

The third part is a label indicating the game can be played online. This label may be used only by online game providers who have committed to uphold standards which include the protection of minors in online gameplay:-

SYSTEM SOFTWARE UPDATES

This PSP™Game includes System Software update data for the PSP™ system. An update will be required if an "update request" message is displayed on-screen at game start-up.

Performing a System Software update

The update data is displayed with the icon shown here on the Home Menu.

By following the on-screen instructions, you can update the System Software of the PSP™ system. Before performing the update, check the version number of the update data.

- During an update, do not remove the AC Adaptor.
- During an update, do not turn off the power or remove the PSP™Game.
- Do not cancel the update before completion as this may cause damage to the PSP™ system.

Checking that the update was successful

Select "Settings" from the Home Menu, and then select the "System Settings" option. Select "System Information" and if the "System Software" version number displayed on-screen matches the version number of the update data, then the update was successful.

For details on System Software updates for the PSP™ system, refer to the following website: eu.playstation.com

PARENTAL CONTROL

This PSP™Game software has a preset Parental Control Level based on its content. You can set the Parental Control Level on the PSP™ system to restrict the playback of a PSP™Game with a Parental Control Level that is higher than the level set on the PSP™ system. For more information, please refer to the PSP™ system Instruction Manual.

This game is classified according to the PEGI rating system. The PEGI rating marks and content descriptors are displayed on the game package (except where, by law, another rating system applies). The relationship between the PEGI rating system and the Parental Control Level is as follows:

PARENTAL CONTROL LEVEL	PEGI RATING AGE GROUP
9	18
7	16
5	12
3	7
2	3

In rare cases, the Parental Control Level of this product may be higher than the age rating which applies in your country, because of differences in the age rating systems in the various countries in which this product is sold. You may need to reset the Parental Control Level on your PSP™ system to enable play.

TOP VIEW

Set up the PSP™ system according to the instructions in its instruction manual. Turn the PSP™ system on and the POWER indicator will light up green. The Home Menu will be displayed. Open the disc cover and insert the *2010 FIFA World Cup South Africa™* disc with the label side facing the rear of the PSP™ system and then securely close the disc cover.

Select the  icon from the Home Menu and then select the  icon. An image of the software will be displayed. Select the image and press the  button to commence loading. Select your desired language via the System Home Menu.

PLEASE NOTE: the information in this manual was correct at the time of going to print, but some minor changes may have been made late in the product's development. All screenshots for this manual have been taken from the English version of this product, and some screenshots might have been taken from pre-completion screens that differ slightly from those in the finished product.

MEMORY STICK DUO™

To save game settings and progress, insert a Memory Stick Duo™ into the Memory Stick Duo™ slot of your system. You can load saved game data from the same Memory Stick Duo™ or any Memory Stick Duo™ containing previously saved games. Please ensure that you have sufficient space on your Memory Stick Duo™ before commencing play.

PSP™ SYSTEM

NOTE: Illustration may not match all PSP™ system types. For owners of PSP-2000, PSP-3000 series systems, please refer to the setup instructions supplied with your system.

WIRELESS (WLAN) FEATURES

Software titles that support Wireless (WLAN) functionality allow the user to communicate with other PSP™ systems, download data and compete against other users via connection to a Wireless Local Area Network (WLAN).

AD HOC MODE

Ad Hoc Mode is a Wireless (WLAN) feature that allows two or more individual PSP™ systems to communicate directly with each other.

INFRASTRUCTURE MODE

Infrastructure Mode is a Wireless (WLAN) feature that allows the PSP™ system to link to a network via a Wireless (WLAN) Access Point (a device used to connect to a Wireless network). In order to access Infrastructure Mode features, several additional items are required, including a subscription to an Internet Service Provider, a network device (e.g. a Wireless ADSL Router), a Wireless (WLAN) Access Point and a PC. For further information and setting up details, please refer to the PSP™ system Instruction Manual.

SETTING UP THE GAME

USER PROFILE

Before heading out onto the pitch, you must create a user profile. This step is required in order to play online or save your game progress to your Memory Stick Duo™. Certain characters are not supported. Any unsupported characters will be replaced. From the main menu press the ⊙ button to view your profile.

PLAYING THE GAME

Momentum builds as you play well with your team. When the meter is full, a Golden Moment triggers, temporarily boosting your team's abilities on the pitch.

During a Golden Moment, use directional buttons to select the momentum boost that most benefits your team in the heat of the game. Using a momentum boost makes the Golden Moment effect last for a shorter period of time.

PLAYER STATUS BAR

SUBSTITUTIONS

When the substitution icon appears beside a player's name, it's probably best to sub him out of the game.

SAVING AND LOADING

If you've enabled the Autosave feature (via your profile) your files are saved automatically to the Memory Stick Duo™ when you begin playing, or exit a match.

- ▶ To save your progress manually, access the save option in the mode's main menu and follow the on-screen instructions. To save squad changes, select SAVE SQUADS from the My FIFA World Cup™ menu.
- ▶ To load a saved file, select the load option in the relevant mode.

GAME MODES

SAVE TOURNAMENT

Select SAVE TOURNAMENT to save the current standing and progress of the tournament.

CAPTAIN YOUR COUNTRY

Do you have what it takes to become a FIFA World Cup hero? Pick an existing player and continue his career in the A squad or create your very own to develop from a B squad player into a world-class superstar. Perform well and prove yourself to earn starting spots in important matches—ultimately leading up to becoming the captain of your country's national team.

Complete objectives to earn experience to spend on upgrading your player. Will you be an offensive powerhouse or a defensive wall? Compete for captaincy of your country and lead them to 2010 FIFA World Cup victory!

CAPTAIN YOUR COUNTRY CENTRAL

After deciding what position you want to play, you are taken to the Captain Your Country Central menu. Access important information such as your career summary and player development. This menu also displays your current form rating, reputation, national level, available XP, and team standings.

CAREER SUMMARY

View the average, highest, and lowest match rating. See how many shots you have made and how many of them were successful goals. Use this information to spot areas that need improvement.

PLAYER DEVELOPMENT

Develop your character into your own unique player. Spend the XP you have earned to upgrade various attacking, defending, skill, power, movement, and mentality ratings. Each rating has an XP cost that must be paid before it increases to the next level.

COMPETITIONS

View your team's results in the friendlies, position in the qualifiers, and graphs of your performance. Select SQUAD FORM to see how your competitors for the captaincy are doing.

SAVE

Saves your current progress.

NOTE: Don't forget to spend your earned XP in the Player Development menu! As your player's attributes grow so does his effectiveness on the field.

STORY OF QUALIFYING

The qualifying matches leading up to the 2010 FIFA World Cup Finals were full of moments of triumphant victory and heartbreaking defeat for those competing. The Story of Qualifying mode lets you re-enact these exciting moments, from scoring a winning penalty kick to coming from behind in last-minute victories.

Completing objectives earns you points to open up new scenarios for you to attempt.

CREATE PLAYER

Create and customize your very own superstar from looks to skills. Use your created character in different game modes and become a breakout star of your team!

When creating a new player, you are given many choices to ensure an incredibly deep and unique player every time. First select basic options such as name, position, country, kit number, height, weight, and birth info.

After setting up your player's basic information, you can adjust many different aesthetic features, such as face, hair, body type, sleeve length, headband, wrist tape, and accessory color.

Once fully created, you are given 5000 points to spend on the various player abilities. Either spread your points to create a well-rounded player or focus in a few areas for a specially well-trained attacker or defender!

NOTE: You can further upgrade your character's abilities by earning and spending XP in the Captain Your Country game mode.

PRACTICE MODE

Perfect your skills in Free Practice, Corners, Free Kicks, or Penalty Shoot-out.

MY FIFA WORLD CUP

Customize your FIFA World Cup experience. Change match settings and controls, determine each team's starting 11, and unlock new items in the My FIFA World Cup Store.

GAME SETTINGS

Adjust game options, display options, audio options, and controls.

TEAM MANAGEMENT

Before heading out to the field, use this option to ensure your squad is at its best.

CUSTOM FORMATIONS

Team Management gives you an even deeper level of control by allowing you to create custom formations. To create a custom formation, select it from the Team Management screen and follow these instructions:

1. Choose an empty save slot.
2. Select a formation to use as a base.
3. Select a position (the green box shows the area it currently covers).
4. Use the analog stick to move the selected position within the formation, and then select DONE (if you move a position outside the green box, it will turn into a new position).

NOTE: A position's color changes according to which part of the pitch it's in: red for strikers; green for midfielders; blue for defenders; and yellow for goalkeepers.

5. To define a position's attacking runs, select a position from the list, use the analog stick to choose a direction, and press the **X** button to confirm each one (you can assign up to two directions to each position). Select DONE and then assign defensive runs in the same way as attacking ones.
6. Name your custom formation and press the **START** button. Select the team you wish to assign this formation to and select DONE.

PROFILE

Here you can edit, save, load, or create new profiles. Each profile gives you the option of choosing your favorite team, rival, the ability to autosave, and control preference.

PLAYING BEHIND A FIREWALL OR ROUTER

This game uses the following network ports for playing online. If you are running a firewall, ensure it is set to allow the game to communicate on these ports both inbound and outbound:

TCP Ports: 9980-9989, 28690-28699

UDP Port: 3658

If you are having difficulty connecting to other players online and your Internet connection is behind a router using NAT (Network Address Translation), you may need to enable port forwarding on your router by forwarding all data on port UDP 3658 to the IP address of your router. Alternatively, you can put your Router into a DMZ—please consult your router help files for details on how to do this.

For more information on firewalls, port forwarding, and DMZs, please visit our online Support Centre at: <http://support.electronicarts.co.uk>

NOTE: A WLAN access point is a device used to connect to a wireless network. SSID and WEP keys are types of wireless network information. They may be required when connecting to an access point or a router. This information is generally set in the access point or router using a PC.

NOTE: Connecting to the EA servers can take up to a minute.
