If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — **IMMEDIATELY** discontinue use and consult your physician before resuming play.

About Progressive Output

Higher video quality can be enjoyed if a component AV cable for PlayStation®2 (SCPH-10100U) and a progressive scan (480p) television set with component video input are used. If a television set without progressive scan (480p) capabilities or a connection other than with a component AV cable is being used, the picture may not display properly in progressive scan mode.

For instructions on how to use the component AV cable to connect the PlayStation®2 to a television set, please consult the instruction manual for the PlayStation®2 or the diagrams included with the component AV cable. Furthermore, please set the Component Video Out settings on the PlayStation®2 to Y Cb/Pb Cr/Pr under System Configuration. Some television sets with component video inputs may not be progressive scan (480p) enabled. Please consult the television set's instruction manual or contact the manufacturer to confirm.

Selecting Progressive Mode

Hold down the **X** button and the **○** button while the game is booting, and the following prompt will appear: "Change to Progressive Mode?" Carefully read the warning on the screen. Select "Yes" with the directional buttons and confirm with the **X** button to switch to progressive mode. If the screen displays correctly, select "Yes" once again. If the screen is scrambled or otherwise displays incorrectly, please press the Reset button on the PlayStation®2 to reboot and enjoy the game in Normal Mode.

THE STORY

It was like any other day in space...

Just as the Alien Hominid is joyriding over Earth's atmosphere, the alarms are going haywire at FBI surveillance headquarters (Because, we all know that the FBI monitors outer space). The FBI immediately responds by shooting down the alien, sending the UFO soaring towards planet Earth.

Once crashed, the Hominid's UFO is taken and transported into the sneaky grip of the FBI agents. They soon return in full force to take the Alien Hominid captive as well!

You see, here is where things get rough.

You're the Alien Hominid - In a battle for the very ownership of the UFO and your own extra-terrestrial freedom!!

THE FBI

Yeah, there they are!! They are the ones with your UFO!

SECRET ITEMS

Picking up this box will increase your grenade count by 10!

Some mini-games or hats are unlocked during regular advancement through levels. Others are unlocked by doing something specific in the game.

You will know that you have unlocked something when you hear the foghorn sound. It will not announce what is unlocked. You must go back into your menu and look to see what you have earned!

HATS

Hats are unlocked as you play the game or after specific events occur. For example, if PLAYER blows up the Behemoth building in Level 1-4, it unlocks the rooster hat. The PLAYER can also unlock the goggles in Level 1-4 if you manage to defeat the helicopter without losing your tank. Hats unlock as you play...over 30 styles to discover.

Once you have unlocked certain hats, you can choose them in your options menu.

COMBAT TIPS

Shooting down while in the air can get you **extra hang time** when you need it!

Stay calm! A crazed alien is a dead alien!

Focus on the bullets! All it takes is one to turn you into a dead alien. Pay attention to where they are and react!

Charge up in between the mayhem for some screen-clearing action!

Remember to Roll! Rolling forward will roll you right under high bullets! You can roll at enemies after they fire for the quick kill!

Head-bite an enemy in front of other enemies to **scare them!**

Stack power-ups of the same kind to add to your current ammo count!

Bosses usually have PATTERNS.
